Your proxyholder must have with him or her the enclosed invitation, personal identification and the original of your proxy (unless it was already provided as described above).

#### **INSTRUCTIONS FOR NON-REGISTERED\* SHAREHOLDERS**

**NOTICE:** The Notice of Meeting, the Management Proxy Circular attached thereto and the other accompanying documents are being sent to both registered and non-registered shareholders. If you are a non-registered shareholder, and the Bank or its transfer agent has sent these documents directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Bank (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these documents to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

**Voting in person** — If you wish to vote in person at the meeting, please enter your name in the appropriate space on the voting instruction form that your intermediary or the Bank's transfer agent sent to you and return it to your intermediary or the Bank's transfer agent, as the case may be, in accordance with the specific instructions provided to you by your intermediary or the Bank's transfer agent. You must present yourself at the registration table at least thirty minutes prior to the commencement of the meeting in order to obtain your ballot cards. You must have with you the enclosed invitation and personal identification.

**Voting through a proxyholder proposed on the voting instruction form** — If you do not expect to be present in person at the meeting and wish to appoint the persons proposed as proxyholders on the voting instruction form that your intermediary or the Bank's transfer agent sent to you to represent you at the meeting, please complete the voting instruction form and return it to your intermediary or the Bank's transfer agent, as the case may be, in accordance with the specific instructions provided to you by your intermediary or the Bank's transfer agent. Your shares will be voted in accordance with your instructions as indicated on the voting instruction form.

**Voting through a proxyholder other than a proxyholder proposed on the voting instruction form** — If you do not expect to be present in person at the meeting and wish to appoint a person other than the persons proposed as proxyholders on the voting instruction form that your intermediary or the Bank's transfer agent sent to you to represent you at the meeting, please enter the name of the desired representative in the appropriate space on the voting instruction form and return it to your intermediary or the Bank's transfer agent, as the case may be, in accordance with the specific instructions provided to you by your intermediary or the Bank's transfer agent. Your proxyholder must present himself or herself at the registration table at least thirty minutes prior to the commencement of the meeting in order to obtain his or her ballot cards. Your proxyholder must have with him or her the enclosed invitation and personal identification.

\* If your shares are held through an intermediary (such as a securities broker, a clearing agency, a financial institution, a trustee, a custodian, etc.) you are considered a **non-registered** shareholder.

Please also refer to the Notice of Annual Meeting of Shareholders and to Part A of the Management Proxy Circular which contain further instructions on how to appoint a proxyholder or revoke a proxy. Should you have any questions regarding voting and proxies, you may contact Computershare Investor Services Inc. by telephone at 1-800-564-6253 or by e-mail at the following address: service@computershare.com.

### Management Proxy Circular

This Management Proxy Circular (the "Circular") of Laurentian Bank of Canada (the "Bank") is dated January 17, 2008.

#### PART A - INFORMATION ON VOTING

#### PERSONS MAKING THE SOLICITATION

The Circular is provided in connection with the solicitation by the management of the Bank of proxies to be used at the Annual Meeting of Shareholders of the Bank, which will be held at the date, time and place and for the purposes set forth in the accompanying Notice of Meeting (the "Meeting"), and at any adjournment thereof. Solicitation of proxies is made by mail as well as by telephone or other personal contact by employees. All solicitation costs will be borne by the Bank.

#### **PROXY INSTRUCTIONS**

The persons proposed as proxyholders on the attached form of proxy are directors of the Bank. Subject to the restrictions mentioned under the heading "Voting Securities and Principal Holders of Voting Securities" hereinafter, a registered shareholder who wishes to appoint another person to represent him at the Meeting may do so by entering the name of the desired representative in the blank space provided. A person is not required to be a shareholder of the Bank in order to act as a proxyholder.

The instrument appointing a proxyholder must be in writing and must be signed by the shareholder or by an attorney authorized in writing.

All valid proxies received by the Bank, through Computershare Investor Services Inc., at the address set forth in the accompanying Notice of Meeting, prior to the close of business on March 10, 2008 will be used for purposes of voting at the Meeting or any adjournment thereof in accordance with the terms of the proxy or the instructions of the shareholder as specified thereon.

The enclosed form of proxy, when duly signed, confers discretionary authority on the persons named as proxyholders therein with respect to any matter on which no choice is specified, to all amendments or variations to matters stated in the Notice of Meeting and to any other matter which may properly come before the Meeting.

In the exercise of their discretionary authority, the proxyholders proposed on the enclosed form of proxy intend to vote AGAINST the shareholder's proposal and FOR all matters stated in the Notice of Meeting.

The directors and officers of the Bank are not aware of any matter, other than those stated in the Notice of Meeting or this Circular, which might be submitted to the Meeting.

#### **REVOCABILITY OF PROXY**

A shareholder who has given a proxy may revoke it by signing, in person or through an attorney authorized in writing, a written instrument and by depositing such instrument with the Secretary of the Bank at 1981 McGill College Avenue, 20<sup>th</sup> Floor, Montreal, Quebec H3A 3K3, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, prior to the commencement of the Meeting, or in any other manner permitted by law.

#### **VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES**

As at January 17, 2008, 23,829,845 common shares of the Bank were outstanding.

Except for the election of directors, each common share entitles the registered holder thereof to one vote on each ballot taken at any general meeting of the shareholders of the Bank. As for the election of directors, cumulative voting as described under the heading "Election of Directors" hereinafter, is used. The votes may on any ballot be cast in person or by proxy.

The holders of common shares may either vote for or withhold from voting in the election of directors and the appointment of the auditor; they may either vote for, vote against or withhold from voting on any other matter that may properly be brought before the Meeting.

Only holders of shares registered on the registers of the Bank at the close of business on January 17, 2008, or their duly appointed proxyholders, will be entitled to attend or to vote at the Meeting.

To the knowledge of the directors and officers of the Bank, no shareholder beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the votes attached to any class of shares entitled to vote in connection with any matters being proposed for consideration at the Meeting.

The Bank Act (Canada) contains provisions which, under certain circumstances, restrict the exercise in person or by proxy of voting rights attached to the shares of the Bank.

#### PART B - BUSINESS OF THE MEETING

#### **FINANCIAL STATEMENTS**

The consolidated financial statements of the Bank for the fiscal year ended October 31, 2007 and the auditor's report thereon are included in the 2007 Annual Report of the Bank mailed to shareholders with this Circular. The financial statements were prepared in accordance with Canadian generally accepted accounting principles, including the accounting requirements specified by the Office of the Superintendent of Financial Institutions (Canada).

#### **ELECTION OF DIRECTORS**

The holders of common shares will elect 13 directors to hold office until the close of the next annual meeting of shareholders or until the election or appointment of their successors.

Under Section 8.1 of By-law III of the General By-laws of the Bank, the directors must be elected by cumulative voting of shareholders entitled to vote. For cumulative voting, the shareholders have the right to cast a number of votes equal to the number of votes attached to their shares, multiplied by the number of directors to be elected, and the votes may be distributed among one or several of the proposed nominees in any manner. A shareholder who has voted for more than one proposed nominee, without any further instruction, is deemed to have distributed the votes equally among the nominees. The shareholders present at the Meeting may, unanimously, adopt a resolution permitting to hold the election of directors by a single vote.

The Board of Directors adopted this year a majority voting policy under which a nominee for election as director who would not receive the required minimum number of votes at the annual meeting of shareholders would be deemed not to have received the support of shareholders, even though he or she was legally elected, and would be required to immediately tender his or her resignation. Given the use of cumulative voting, the minimum number of votes is equal to the number of common shares held by shareholders present or represented by proxy at the shareholders' meeting, divided by two. For example, if the number of common shares held by shareholders present or represented by proxy at the shareholders' meeting is 10,000,000, which represents 130,000,000 votes for the election of directors, a nominee that did not receive at least 5,000,000 votes would have to tender his or her resignation. This resignation would be effective upon acceptance by the Board. Within 90 days of the shareholders' meeting, the Board will publicly announce the resignation of the director or the reasons for not accepting the resignation. In the event of an accepted resignation, the Board may fill the vacancy in accordance with law. The majority voting policy does not apply in the case of contested elections.

The persons named on the following list, in the opinion of management, are qualified to supervise the Bank's activities for the ensuing year. All proposed nominees have formally established their eligibility and willingness to serve on the Board of Directors of the Bank.

It is the intention of the persons proposed as proxyholders on the enclosed form of proxy to vote for the election of the proposed nominees named herein unless specifically instructed on the form of proxy to withhold such vote on such question or with respect to one or several of such nominees.

The following table presents, for each proposed nominee for election as director:

- his or her name, age and municipality of residence;
- the date on which he or she became director of the Bank;
- the fact that he or she is or not independent within the meaning of *National Instrument 58-101 Disclosure of Corporate Governance Practices* and the criteria adopted by the Board of Directors of the Bank (such determination being made as at the date of this Circular);
- his or her position(s) on the Board of Directors of the Bank or its committees and the committees of the Board on which he or she sits (the attendance at Board and committee meetings is disclosed in Schedule B of this Circular);
- the number (and value) of common shares of the Bank beneficially owned, directly or indirectly, or over which he or she exercises control or direction as at the date of this Circular (the value is based on the closing price of the share on the Toronto Stock Exchange on January 17, 2008 [\$33.31]);
- the number (and value) of deferred stock units (DSUs) of the Bank credited to him or her as at the date of this Circular (the value is based on the closing price of the Bank's common share on the Toronto Stock Exchange on January 17, 2008 [\$33.31]);
- his or her principal occupation and business;
- his or her principal qualifications and relevant experience to sit on the Board of Directors of the Bank;
- the main boards of directors on which her or she sits.

Mr. Wener is also Chairman of the Board of Silanis Technologies Inc., a publicly traded company (London).

Information concerning the number of shares held was provided by each proposed nominee. Under the *Bank Act* (Canada) and the Bank's policy on insiders and prohibited transactions on Bank securities, it is prohibited for any director of the Bank to knowingly sell, directly or indirectly, a security of the Bank if such director does not own or has not fully paid for the security (commonly referred to as "short selling") and to knowingly, directly or indirectly, buy or sell a call or put in respect of a security of the Bank.

To the knowledge of the Bank, no proposed nominee is at the date of this Circular, or has been within ten years before the date of this Circular, a director or executive officer of any company that, while that person was acting in that capacity or within a year of that person ceasing to act in that capacity, became bankrupt or made a proposal under any legislation relating to bankruptcy or insolvency.

According to the *Bank Act* (Canada), the Board of Directors of the Bank is required to have an audit committee and a conduct review committee. The mandate of the Risk Management Committee of the Board of Directors of the Bank includes the responsibilities which must be discharged by the conduct review committee.

#### APPOINTMENT OF THE AUDITOR

The Bank Act (Canada) provides that the accounts of a bank must be audited and that this audit may be performed by one or two firms of accountants.

The Board of Directors, on the advice of the Audit Committee, recommends that the accounts of the Bank be audited by the firm of accountants Ernst & Young LLP. Ernst & Young has acted as auditor of the Bank, either alone or in conjunction with another firm, continuously since 1990.

The auditor is to be appointed by vote of the holders of common shares at the Meeting to serve as auditor of the Bank until the close of the next annual meeting of shareholders. In order to be passed, the appointment of the auditor must be approved by a majority of votes cast by the holders of common shares present or represented by proxy and able to vote at the Meeting.

The following table presents by category the fees billed by the external auditor Ernst & Young LLP for the fiscal years ended October 31, 2007 and 2006.

| Fee category                    | 2007 (\$) | 2006 (\$) |
|---------------------------------|-----------|-----------|
| Audit fees                      | 1,712,100 | 1,672,300 |
| Fees for audit-related services | 119,800   | 148,500   |
| Fees for tax services           | 29,700    | -         |
| Other fees                      | 364,500   | 213,500   |
| Total                           | 2,226,100 | 2,034,300 |

Further details on the auditors' fees are provided in Sub-section 12.5 of the Bank's Annual Information Form dated December 4, 2007, which is available on SEDAR at www.sedar.com.

During the 2007 fiscal year, the Audit Committee reviewed the policy regarding services that may be rendered by the Bank's external auditor. This policy is presented in Sub-section 12.4 of the Bank's Annual Information Form dated December 4, 2007.

#### SHAREHOLDER'S PROPOSALS

The Bank received nine proposals from a shareholder, Mouvement d'éducation et de défense des actionnaires (MEDAC), of 82, Sherbrooke Street West, Montreal (Quebec) H2X 1X3. The text of these proposals and the shareholder's declarations, as well as the recommendations of the Board of Directors are found in Schedule A of this Circular. If these proposals come before the Meeting, the proxyholders proposed on the enclosed form of proxy intend to vote **AGAINST** them, unless instructions to the contrary are given in the form of proxy.

#### PART C - INFORMATION ON COMPENSATION

#### **ROLE OF THE HUMAN RESOURCES AND CORPORATE GOVERNANCE COMMITTEE**

The responsibilities of the Bank's Human Resources and Corporate Governance Committee include reviewing and, if appropriate, recommending to the Board any changes regarding the compensation of directors as well as reviewing and, if appropriate, recommending to the Board any changes to the overall compensation framework for the Bank's senior officers (including salary, short and long term incentive plans, benefits plans, indemnification in case of a change of control, pension plans or any similar plans, and other benefits). Compensation of the Bank's directors and senior officers for the 2007 fiscal year is described in this Part.

Further information regarding the composition and independence of the Committee are found under the heading "Report on Executive Compensation" hereinafter. The text of the Committee's mandate can be found in Schedule D and the Committee's report on its work for the year can be found in Schedule E of this Circular.

#### **COMPENSATION OF DIRECTORS**

#### **Current Compensation Structure**

The compensation structure of the directors of the Bank, effective May 1, 2007, is the following:

| Per annum fixed compensation for all directors   | \$45,000  |
|--|-----------|
| Per annum fixed compensation for the Chairman of the Board   | \$100,000 |
| Per annum fixed compensation for the Chair of a permanent committee  | \$7,500   |
| Per annum fixed compensation for a director sitting on more than one committee, except the Chairman of the Board | \$6,000   |

Directors who are required to participate on behalf of the Bank in internal or external committees or working groups or training sessions offered by the Bank receive for this purpose an additional compensation of \$1,200 per meeting or training session. During the last fiscal year, Messrs. Desautels and Normand received compensation of this nature for their participation in the Pension Plan Management Committee of the Bank. The amount received by each director is disclosed in the "Total Compensation" table hereinafter.

Directors who are officers of the Bank are not entitled to any compensation as directors.

Directors are entitled to the reimbursement of their hotel and travel expenses upon presentation of supporting evidence.

Compensation is paid at the beginning of each quarter from the amounts attributed by By-law XII of the General By-laws of the Bank.

#### Shareholding

Each director must hold at least 4,000 common shares of the Bank. Until this threshold is reached, at least 50% of the director's fixed compensation is used to acquire shares. As at December 31, 2007, all directors exceeded the target ownership level of 4,000 common shares, except for Ms. Bastarache, Ms. Courville, Mr. Genest and Ms. Veronica S. Maidman. Mr. Robitaille is subject to minimum shareholding requirements as President and Chief Executive Officer of the Bank, as described under the heading "Total Compensation and Holdings of Shares, Share Units, Stock Options and Stock Appreciation Rights" hereinafter.

Furthermore, a director may elect to receive all or part of his or her compensation in the form of issued common shares of the Bank. The value of such shares is determined on the basis of the market price at the time of payment to the director. This election may be changed at any time and takes effect on the next quarterly compensation payment date.

#### Deferred stock units

A director who holds at least 4,000 common shares may also elect to receive all or part of his or her compensation in the form of deferred stock units of the Bank (DSUs). To receive DSUs, directors must so elect annually. A DSU is a unit whose value is equivalent to the value of a common share of the Bank and takes into account other events affecting the stock (stock split, exchange of shares, spin-off, etc.). DSUs cannot be converted until a director leaves the Board of Directors and are paid at that time in cash or in shares. The number of DSUs granted is established by dividing the amount payable to the director by the average market price of the common share of the Bank during the period provided in the plan. DSUs also entitle their holders to an amount equal to dividend payments, which amount is paid in the form of additional DSUs. This plan is in force since February 1<sup>st</sup>, 2000.

Members of the Board of Directors of the Bank (with the exception of the President and Chief Executive Officer) are not eligible under the Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries, which is the only stock option plan in force at the Bank.

#### **Prior Compensation Structure**

The compensation structure of the directors of the Bank until April 30, 2007 was the following:

| Per annum fixed compensation for all directors  | \$20,000 |
|---|----------|
| Per annum fixed compensation for the Chairman of the Board                              | \$75,000 |
| Per annum fixed compensation for the Vice-Chairman of the Board                         | \$25,000 |
| Per annum fixed compensation for the Chair of a committee                               | \$6,000  |
| Attendance fee for each Board of Directors or committee meeting                         | \$1,200  |
| Attendance fee for each Board of Directors or committee meeting held by conference call | \$500    |

The other material provisions of directors' compensation did not change, except for the threshold for mandatory shareholding, which was prior to May 1, 2007 set at 2,000 shares. Furthermore, 100% of the directors' fixed compensation (but not attendance fees) was at that time used to purchase shares until such time as 2,000 shares were held.

#### **Total Compensation**

The total compensation of the Bank's directors for the 2007 fiscal year reached \$648,206, allocated as follows:

- Note 7: Additional compensation for participation in the Pension Plan Management Committee of the Bank.

#### **EXECUTIVE COMPENSATION**

In this section of the Circular, the words "Named Executive Officers" or "NEOs" refer to the persons having acted as President and Chief Executive Officer and Chief Financial Officer of the Bank during the 2007 fiscal year, as well as the three other executive officers (as defined in *National Instrument 51-102 – Continuous Disclosure Obligations*) of the Bank serving as such at the end of the 2007 fiscal year who received during that fiscal year the highest total annual salary and bonus.

#### Total Compensation and Holdings of Shares, Share Units, Stock Options and Stock Appreciation Rights

The following tables present, individually for each Named Executive Officer serving as such on October 31, 2007, total compensation received during the three last completed fiscal years, as well as the number and value of common shares of the Bank, restricted share units (RSUs), performance share units (PSUs), stock options and stock appreciation rights (SARs), held as at December 31, 2007.

- Note 1: Amount of the annual bonus not converted into restricted share units (see Note 3).
- Note 2: The amounts indicated represent reimbursements related to the use of a vehicle.
- Note 3: Stock options issued under the Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries. SARs issued under the Phantom Shares Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries. Restricted share units issued under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada. Performance share units issued under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada. The main terms and conditions of these plans are set out in Schedule C of this Circular. The value of options and SARs is based on the closing price of the Bank's common share on the Toronto Stock Exchange on the date of grant (\$29.47 for the options, \$34.47 for the SARs granted on June 8, 2007 and \$29.59 for the SARs granted on December 18, 2006) and a Black-Scholes value of 18%. Details on the amount of RSUs is indicated in Note 8 to the "Summary Compensation Table" hereinafter.
- Note 4: Annual cost of retirement benefits as indicated under the heading "Defined Benefit Pension Plan Disclosure" hereinafter.
- Note 5: Total compensation does not include the aggregate value realized upon exercise of options or SARs as disclosed in the "Aggregated Option/SAR Exercises During the Most Recently Completed Fiscal Year and Fiscal Year-End Option/SAR Values" table hereinafter, since the value of the options and SARs has already been included in the compensation for the year of their grant.
- Note 6: Common shares of the Bank, acquired through the exercise of stock options or otherwise. The value is based on the closing price of the share on the Toronto Stock Exchange on December 31, 2007 (\$33.25).
- Note 7: Restricted share units issued under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada. The value is based on the closing price of the Bank's common share on the Toronto Stock Exchange on December 31, 2007 (\$33.25).
- Note 8: Performance share units issued under the Performance Share Unit Plan for Senior Management of the Laurentian Bank of Canada. This plan applies as of the 2008 fiscal year.
- Note 9: Stock options issued under the Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries. Includes both vested and unvested options that have not been exercised. The value is based on the difference between the closing price of the Bank's common share on the Toronto Stock Exchange on December 31, 2007 (\$33.25) and the exercise price.
- Note 10: SARs issued under the Phantom Shares Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries. Includes both vested and unvested SARs that have not been exercised. The value is based on the difference between the closing price of the Bank's common share on the Toronto Stock Exchange on December 31, 2007 (\$33.25) and the grant price.

Under the *Bank Act* (Canada) and the Bank's policy on insiders and prohibited transactions on Bank securities, it is prohibited for any officer or employee of the Bank to knowingly sell, directly or indirectly, a security of the Bank if such person does not own or has not fully paid for the security (commonly referred to as "short selling") and to knowingly, directly or indirectly, buy or sell a call or put in respect of a security of the Bank.

- Note 1: Mr. McManus was President and Chief Executive Officer until December 12, 2006. He remained employed as a close advisor of the new president until February 2, 2007, at which time he retired.
- Note 2: Mr. Robitaille is President and Chief Executive Officer since December 13, 2006. He had been named Senior Executive Vice-President and Chief Operating Officer on June 15, 2006 and Senior Executive Vice-President, Retail and Commercial Financial Services on August 1<sup>st</sup>, 2005. Prior to that date, he was Senior Vice-President, Retail Financial Services.
- Note 3: Mr. Desjardins is Executive Vice-President of the Bank since February 28, 2006.
- Note 4: Mr. Bernard is Executive Vice-President, Retail Financial Services and SMEs since February 12, 2007. He was named Executive Vice-President, Retail Financial Services on August 1, 2005. Prior to that date, he was Vice-President, Marketing and Products Management.
- Note 5: Amount of the annual bonus not converted into restricted share units (see Note 8).
- Note 6: The amounts indicated represent reimbursements related to the use of a vehicle. Perquisites and other personal benefits did not exceed \$50,000 or 10% of salary and bonus.
- Note 7: In December 2006, 50,000 stock options under the Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries were granted to Mr. Robitaille to mark the beginning of his term as President and Chief Executive Officer. The other grants are SARs granted under the Phantom Shares Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries. The principal terms and conditions of these plans are set out in Schedule C of this Circular.
- Note 8: All amounts indicated, except the amount of \$589,400, represent restricted share units granted under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada, the principal terms and conditions of which are set out in Schedule C of this Circular. Under this plan, Named Executive Officer must convert 50% of their annual bonus in restricted share units of the Bank. The Bank contributes an additional amount equal to 60% of the portion of the annual bonus converted, which amount is also converted in restricted share units of the Bank. The number of restricted share units is determined based on the closing price of the Bank's common share on the Toronto Stock Exchange on the date of conversion. For 2007, 2006 and 2005, the amounts are detailed as follows:

<sup>\*</sup> conversion occurred on January 17, 2008

As at October 31, 2007, the total number and value of restricted share units held by each NEO was as follows: Mr. Robitaille: 10,776 (\$470,911); Mr. Cardinal: 9,428 (\$412,004); Mr. Piché: 6,733 (\$294,232); Mr. Desjardins: 2,536 (\$110,823); Mr. Bernard: 4,588 (\$200,496). The number of units includes dividend equivalents. The value is based on the closing price of the Bank's common share on the Toronto Stock Exchange on October 31, 2007 (\$43.70).

The amount of \$589,400 represents the value of shares held in trust for the benefit of Mr. McManus. Mr. McManus' employment contract was amended in 2005 to provide for the purchase of 20,000 common shares of the Bank on August 31, 2005 at a price of \$29.47 per share, which shares were held in trust for his benefit. As per the terms of his contract, which provided for the grant of 10,000 shares to him if he was still employed by the Bank on January 1<sup>st</sup>, 2007 and of the 10,000 remaining shares if he was still employed by the Bank on January 1<sup>st</sup>, 2007 and if the return on common shareholders' equity on the basis of continued activities (excluding certain special items) of the Bank was at least 7.0% for the fiscal year ending on October 31, 2006, the shares were granted to him on January 1<sup>st</sup>, 2007. The shares so granted were subject to resale restrictions for a period of one year. Consequently, Mr. McManus can dispose of these shares since January 1, 2008. The shares had a value of \$874,000 based on the closing price of the Bank's common share on the Toronto Stock Exchange on October 31, 2007 (\$43.70).

Note 9: These amounts are mainly related to group insurance premiums.

#### **Defined Benefit Pension Plan Disclosure**

The Named Executive Officers participate in the Pension Plan for the Senior Officers of the Bank and Participating Subsidiaries (the "Officers' Plan") and in the Supplemental Pension Plan for Members of the Executive Management of the Bank and Participating Subsidiaries (the "Supplemental Plan"). These plans are funded. A pension, up to the maximum amount permitted by law, is payable under the Officers' Plan, and the Supplemental Plan covers all pensions granted in excess thereof, if applicable.

Under these plans, members are therefore entitled to receive, for each year of participation, a pension equal to 2% of their average compensation, being the average base salary for their most highly compensated five consecutive years of service. This pension is payable for the life of the participant and is not integrated with benefits payable by the Régie des rentes du Québec and the Canada Pension Plan. Normal retirement age is set at age 65. However, members may take an early retirement starting at age 53 with an applicable pension reduction of 5% per year before age 60.

The following table sets out the pension payable under the plans in relation to average compensation and years of participation in the plans.

|                           | Years of Participation in Pension Plans |         |         |         |         |  |  |  |

- Note 1: Three years of participation in the Supplemental Plan are credited for each year accrued from the start of participation in the plan, up to the number of years of participation in the Officers' Plan.
- Note 2: Assuming retirement at age 60 and taking into account the special arrangements entered into with certain Named Executive Officers as described below. Mr. McManus retired on February 2, 2007 and receives a total annual pension of \$225,000.
- Note 3: The annual cost of retirement benefits represents the commuted value of retirement benefits accrued during the 2007 fiscal year. This cost is nil for Mr. McManus as he retired during the 2007 fiscal year.
- Note 4: The accrued benefit obligation represents the commuted value of the retirement benefits for the years of participation up to October 31, 2007.
- Note 5: The annual cost of retirement benefits as well as the accrued benefit obligation were calculated using the same assumptions as for the Bank's financial statements, including a discount rate of 5.35% and 5.75% for the fiscal years ending October 31, 2006 and October 31, 2007, respectively and a compensation increase rate of 3.5%. The assumptions used are described in Note 17 to the consolidated financial statements of the Bank for the 2007 fiscal year.

#### Additional notes:

- Amounts indicated above take into account retirement benefits provided by the Officers' Plan and the Supplemental Plan.
- In accordance with the terms of their indemnity plan in case of change of control, the Named Executive Officers would continue to accumulate retirement benefits during the period covered by the termination indemnity.
- In accordance with Canadian generally accepted accounting principles, the amounts indicated above do not take into account the different tax treatment applicable to benefits not provided by the registered retirement plan (Officers' Plan).
- The amounts indicated above are estimated amounts based on assumptions which represent contractual entitlements that may change over time. The method used to determine estimated amounts will not be identical to the method used by other issuers and as a result the figures may not be directly comparable across companies.

#### Special Agreements Entered Into with Certain Executive Officers

Mr. Robitaille entered into a special retirement agreement with the Bank in 2006. The annual pension payable to Mr. Robitaille will be calculated in accordance with the provisions of the Officers' Plan and the Supplemental Plan. However, under the provisions of the agreement, the total annual pension under the plans shall not be less than \$150,000 in the event that Mr. Robitaille terminates his employment contract or if the Bank terminates his employment contract for cause, and \$225,000 if the Bank terminates his employment contract without cause.

In 2005, Mr. McManus entered into an agreement amending the special retirement agreement already in place with the Bank since 2002. Under this agreement, the total annual pension payable under the plans was increased from \$200,000 to \$225,000 at age 65. This increase was granted to Mr. McManus taking into consideration his last year and a half of service with the Bank and the fact that he did not receive a pension from the plans during this period. Mr. McManus retired on February 2, 2007 at age 65. As agreed, he receives a total annual pension of \$225,000.

Messrs. Cardinal and Piché are also covered by special retirement agreements. Under these agreements, Mr. Cardinal's years of participation in the Supplemental Plan between February 1<sup>st</sup>, 2004 and February 1<sup>st</sup>, 2007 and Mr. Piché's years of participation between November 1<sup>st</sup>, 2004 and November 1<sup>st</sup>, 2007 have been doubled, since they were still employed with the Bank on February 1<sup>st</sup>, 2007 and November 1<sup>st</sup>, 2007, respectively.

#### Termination of Employment, Change in Responsibilities and Employment Contracts

The Named Executive Officers entered into written employment agreements with the Bank. These agreements came into force on the date of the beginning of employment of each Named Executive Officer with the Bank, namely August 1<sup>st</sup>, 2002 in the case of Mr. McManus, July 11, 1988 in the case of Mr. Robitaille, February 25, 1991 in the case of Mr. Cardinal, May 4, 1994 in the case of Mr. Piché, June 3, 1991 in the case of Mr. Desjardins and December 10, 2001 in the case of Mr. Bernard, and have been amended when necessary. All agreements are for an indefinite term. Material information concerning the compensation of the Named Executive Officers is shown in the "Summary Compensation Table".

The Named Executive Officers are covered by an indemnity plan under which they are entitled to an indemnity of 18 months' base salary (24 months' in the case of Mr. Robitaille) plus the average of annual bonuses paid in the three years preceding their termination if their employment is terminated in the year following a change of control of the Bank. Specific provisions relating to the effect of termination on pension and other benefits are included in the indemnity plan.

Mr. Robitaille's employment contract also provides for an indemnity of 24 months' base salary plus the average of annual bonuses paid in the three years preceding his termination if his employment is terminated by the Bank without cause. No indemnity is payable if his employment is terminated by the Bank with cause.

Mr. McManus retired on February 2, 2007. Information concerning his retirement benefits can be found under the heading "Defined Benefit Pension Plan Disclosure" above.

The consequence of retirement, termination of employment and change of control of the Bank on stock options, SARs and restricted share units granted under the Bank's long-term incentive compensation plans are described in Schedule C of this Circular.

#### **Report on Executive Compensation**

#### Composition and Independence of the Committee

The Bank's Corporate Governance and Human Resources Committee (the "Committee") is a committee of the Board of Directors entirely composed of independent directors within the meaning of National Instrument 58-101 – Disclosure of Corporate Governance Practices. The four members of the Committee (Messrs. Pierre Michaud (Chair), L. Denis Desautels, Carmand Normand and Ms. Ève-Lyne Biron) have a diversified and relevant experience in human resources management. With the exception of Mr. Normand, no member of the Committee heads a public company. Information with respect to the indebtedness of Mr. Normand towards the Bank is disclosed under the heading "Indebtedness of Directors and Executive Officers" hereinafter.

The Committee follows a work plan that brings the Committee to consider all aspects of executive compensation in the course of the year. Although the President and Chief Executive Officer and certain other officers of the Bank attend Committee meetings, members meet regularly without members of Management being present. Occasionally, the Committee is assisted in its work by external advisors. Market studies undertaken by external advisors are one of the elements taken into consideration by the Committee in establishing executive compensation, as further discussed below.

#### Compensation Structure

The overall compensation of executive officers is made up of four components (base salary, short- and long-term incentive compensation and fringe benefits) which are summarized as follows:

| Component of Compensation         | Type of<br>Compensation                                    | Subject Employees   | Frequency             | Elements of Analysis   |
|-----------------------------------|--|---|-----------------------|--|
| Base salary                       | Cash   | All employees   | Reviewed annually     | Comparison with external market     General contribution     Internal equity     |
| Short-term incentive compensation | Cash bonus   | Most employees  | Paid annually         | Comparison with external market     Individual and corporate performance         |
| Long-term incentive compensation  | Restricted share units (RSUs)                              | Vice-presidents and holders of more senior positions  | Granted annually      |  |
|                                   | Performance share units (PSUs)                             |   |                       |  |
|                                   | Stock options and stock appreciation rights (SARs)         |   |                       | oc basis at the discretion of the Committee, ation among other things the Bank's |
| Fringe benefits                   | Personal benefits,<br>group insurance<br>and pension plans | All employees (executive officers<br>benefit from certain additional<br>advantages, such as an additional<br>health account, a supplemental<br>pension plan and a change of<br>control protection plan) | On a continuous basis | Comparison with external market  |

The Committee ensures that overall compensation of executive officers is in large part linked to their contribution to the Bank's long and short term financial results. To this end, the Committee has established incentive compensation programs based on pre-established criteria of individual and group performance. Thus, there exists a specific relationship between the Bank's performance and executive compensation, as more fully described below. The relative emphasis placed by the Bank on short and long term incentive compensation increases with the hierarchical level of each executive officer and is explained below. In addition, the allocation of total compensation between fixed compensation and variable compensation for each of the Named Executive Officers is set out under the heading "Total Compensation and Holdings of Shares, Share Units, Stock Options and Stock Appreciation Rights" above.

During the 2007 fiscal year, the Bank retained the services of the firm Towers Perrin in order to complete an overall compensation study covering a selected number of senior officer positions of the Bank and provide advice on the elaboration of a new long-term incentive compensation plan. Tower Perrin's recommendations, as approved by the Committee, will only be applicable beginning in the 2008 fiscal year. The total fees paid by the Bank for all services rendered by Towers Perrin to the Bank during the 2007 and 2006 fiscal years are as follows:

| External Advisor | 2007 (\$) | 2006 (\$) |
|------------------|-----------|-----------|
| Towers Perrin    | 68,010    | 104,202   |

The Committee gives particular attention to the compensation of the Bank's President and Chief Executive Officer. Market studies are examined each year and the Committee ensures that the President and Chief Executive Officer is adequately compensated in comparison with the chief executive officers of other Canadian financial institutions, with due consideration for the relative size of the Bank.

Finally, it should be noted that the Committee introduced this year new minimum shareholding requirements with a view to foster the long-term mobilization of senior officers.

Each component of overall executive compensation, including the compensation of the President and Chief Executive Officer, as well as the new shareholding requirements, are commented upon in further detail hereinafter.

#### Base Salary

At the beginning of each year, the Committee reviews the base salary of the Bank's executive officers, taking into consideration their responsibilities and general contribution as well as market data. For the 2007 fiscal year, the Committee granted base salary increases to most Named Executive Officers, as disclosed in the "Summary Compensation Table".

Mr. Robitaille was appointed President and Chief Executive Officer of the Bank as of December 13, 2006. His base salary was at that time set at \$450,000 to recognize the strategic responsibilities of this position, but taking into account the fact that he was new in this position. According to the Towers Perrin compensation study mentioned above, the base salary of Mr. Robitaille is below the median of salaries offered for a comparable position in the reference market comprising approximately 40 businesses in the banking and financial sector, with due consideration to the relative size of the Bank.

#### Short-term Incentive Compensation

The short-term incentive compensation program was approved by the Committee at the beginning of the 2007 fiscal year. It applies to most employees of the Bank, including executive officers. The main purpose of the program is to recognize the attainment of personal yearly objectives as well as the Bank's short term performance.

The bonus under the short-term incentive compensation program takes into account three elements and is calculated as follows:

Target Bonus X Financial Performance Factor X Individual Performance Factor

The *Target Bonus* represents a percentage of base salary established according to the hierarchical level of each officer and varies from 40% of annual salary for an executive vice-president to 60% in the case of the President and Chief Executive Officer.

The *Financial Performance Factor* is based on the Bank's return on common shareholders' equity. It is established by the Committee at the beginning of the year in relation to the Bank's financial objectives for the year. For the 2007 fiscal year, the Financial Performance Factor was established as follows:

| Return on Common Shareholders' Equity for the 2007 Fiscal Year (%) | Applicable Financial Performance Factor (Note 1) |  |  |
|--|--|--|--|
| Less than 8.0  | 0.0  |  |  |
| 8.5  | 1  |  |  |
| 9.5 and more   | 1.5  |  |  |

Note 1: A linear interpolation is used to determine the Financial Performance Factor when the return on common shareholders' equity falls between two levels.

For the 2007 fiscal year, the Bank's return on common shareholders' equity reached 10.9%. Consequently, the bonus payable under the Bank's short-term incentive compensation program was calculated with a Financial Performance Factor of 1.5.

To establish the *Individual Performance Factor*, each member of senior management (with the exception of the President and Chief Executive Officer) agrees at the beginning of the year with the President and Chief Executive Officer on objectives for his or her sector. At year end, the degree of attainment of these objectives is reported to the President and Chief Executive Officer, who then submits a written evaluation of the officer's performance to the Committee. The recommendations of the President and Chief Executive Officer regarding the officer's evaluation and the setting of his or her objectives for the ensuing year are then discussed and a decision is made by the Committee. As for the President and Chief Executive Officer, the setting of his objectives as well as his evaluation are undertaken by the Committee, in consultation with the Board of Directors. The Individual Performance Factor translates into a variable ranging from 0.5 to 1.5

In setting the Individual Performance Factor of the President and Chief Executive Officer for the 2007 fiscal year, the Committee considered the attainment of the Bank's financial objectives. All of the Bank's financial objectives for the 2007 fiscal year were met or surpassed, as more fully described in the Management's Discussion and Analysis for the fiscal year ended October 31, 2007 included in the Bank's 2007 Annual Report.

Except in circumstances where no annual bonus is payable, the amount of the annual bonus paid to executive officers under the short-term incentive compensation program can vary from 25% to 225% of the Target Bonus, depending on the Financial Performance Factor (which may vary from 0.5 to 1.5) and the Individual Performance Factor (which may vary from 0.5 to 1.5).

Although the Committee has authority to adjust bonus amounts if warranted by particular circumstances, the bonuses for the 2007 fiscal year paid to the Named Executive Officers, including to the President and Chief Executive Officer, were established according to the above criteria. The amount of bonuses paid to the Named Executive Officers for the 2007 fiscal year was approved by the Committee on December 3, 2007 and is disclosed in the "Summary Compensation Table".

#### Long-term Incentive Compensation

During the last years, a competitive compensation environment prompted the Bank to examine closely the value of the long-term compensation offered to the Bank's senior officers. In order to be able to attract, retain and mobilize its senior officers, the Bank has set up different incentive compensation plans. The purposes of the plans are to:

- · attract qualified candidates;
- retain senior officers;
- motivate senior officer to carry out the Bank's strategic plan with success;
- encourage senior officers to create economic value for the Bank's shareholders;
- align the interests of senior officers with those of the Bank's shareholders.

These plans are described below. Furthermore, the principal terms and conditions of each of these plans are set out in Schedule C of this Circular.

#### Restricted Share Units (RSUs)

The Committee adopted in 2005 the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada, which enables senior officers to convert 50% of their annual bonus in restricted share units of the Bank (this conversion is mandatory for the Named Executive Officers). The Bank contributes an additional amount equal to 60% of the portion of the annual bonus converted, which amount is also converted in restricted share units of the Bank. Each participant must elect at the beginning of the year whether he or she wishes to participate in the original version of the plan (under which accumulated amounts are paid at the expiration of a three-year period from the date of grant) or the deferred version of the plan (under which accumulated amounts are paid at the time the officer leaves the Bank).

Since part of their bonus is put at risk, the Committee believes that this plan is more successful in mobilizing executive officers towards adopting behaviour that will create value for shareholders than traditional stock option plans or stock appreciation rights plans. The amount of restricted share units granted for the 2007 fiscal year to the Named Executive Officers is disclosed in the "Summary Compensation Table".

#### Performance Share Units (PSUs)

In order to ensure that the Bank remains competitive with respect to long-term incentive compensation, the Committee adopted in May 2007 a new long-term incentive compensation plan entitled Performance Share Unit Plan for Senior Management of the Laurentian Bank of Canada. This plan applies as of the 2008 fiscal year. Depending on the hierarchical level of the senior officer, a certain number of share units will be granted (representing at the target 60% of annual salary in the case of the President and Chief Executive Officer and 30% in the case of the other Named Executive Officers). In order to retain and encourage performance, 50% of the units granted will vest if the senior officer is still employed with the Bank three years later and the other 50% of the units will vest if the Bank reaches at the end of the three year performance period a performance objective approved by the Committee at the time of grant. Depending on the degree of attainment of the performance objective, the total number of vested units may vary between 50% and 166% of the target grant. However, if the minimum objective is not reached, units related to performance will not be cashable and will be lost. Furthermore, each participant must elect at the beginning of the year whether he or she wishes to participate in the original version of the plan (under which accumulated amounts are paid at the expiration of a three-year period from the date of grant) or the deferred version of the plan (under which accumulated amounts are paid at the time the officer leaves the Bank). For purposes only of the Plan, the Committee has set the performance objective at an average return on common shareholders' equity over the initial three year performance period of 11.17% and the minimum objective at 10.05% (being 90% of the performance objective).

#### Stock Options and Stock Appreciation Rights (SARs)

The Bank also has a Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries as well as a Phantom Shares Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries, which were adopted in 1992 and 1995 respectively. Although these plans are part of overall executive compensation, they are used on an occasional basis only and any grant is at the Committee's discretion. The relative importance of these plans continues to decrease as the restricted share unit and performance share unit plans are instituted. The Committee nevertheless periodically reviews overall incentive compensation plans. In order to remain competitive, the Committee approved the granting during the 2007 fiscal year of SARs to the Named Executive Officers, as disclosed in the "Option/SAR Grants During the Most Recently Completed Fiscal Year" table above. The Committee also granted 50,000 stock options to Mr. Robitaille to mark the beginning of his term as President and Chief Executive Officer. The amount and terms of outstanding options, SARs and RSUs were taken into account when deciding whether and how many new grants were made.

#### Personal Benefits, Group Insurance Plan, Protection Plan in Case of Change of Control and Pension Plans

The Committee believes that the personal benefits, group insurance plans, protection plan in case of change of control and pension plans applicable to senior management are generally comparable to market practice. Additional information on these elements of the overall compensation of the Named Executive Officers are to be found in the "Summary Compensation Table" as well as under the headings "Defined Benefit Pension Plan Disclosure" and "Termination of Employment, Change in Responsibilities and Employment Contracts" above.

#### Minimum Shareholding Requirements

In order to foster long-term mobilization of the Bank's senior officers, the Committee adopted in 2007 the following minimum holding requirements for the Bank's shares (including RSUs and PSUs, but excluding stock options and SARs):

| Level                                 | Minimum Requirement  |
|---------------------------------------|----------------------|
| President and Chief Executive Officer | 3 times the salary   |
| Executive Vice-President              | 1.5 times the salary |
| Senior Vice-President                 | 1.0 times the salary |

No time limit is attached to the minimum shareholding requirement. The level of shareholding of the Named Executive Officers is indicated under the heading "Total Compensation and Holdings of Shares, Share Units, Stock Options and Stock Appreciation Rights" above.

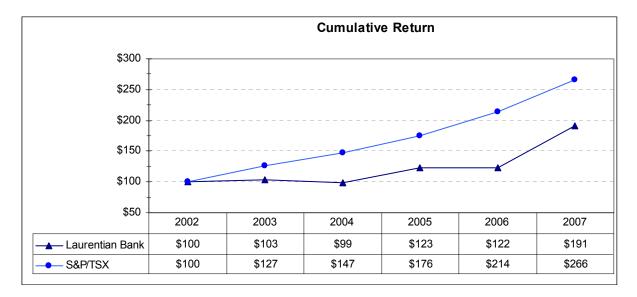

The Committee Chair as well as the Chairman of the Board of Directors of the Bank will be available at the annual shareholders' meeting to answer any questions concerning executive compensation.

#### PART D - INFORMATION ON CORPORATE GOVERNANCE

#### **BOARD OF DIRECTORS**

Other than Mr. Réjean Robitaille, President and Chief Executive Officer of the Bank, all members of the Board of Directors and proposed nominees for election as directors are independent within the meaning of *National Instrument 58-101 – Disclosure of Corporate Governance Practices* and the criteria adopted by the Board of Directors. The Chairman of the Board, Mr. L. Denis Desautels, is an independent director.

The Board of Directors, through its Human Resources and Corporate Governance Committee, periodically analyses its composition and while doing so, determines whether directors are independent or not. The Board of Directors follows a practice to appoint independent directors, except for the President and Chief Executive Officer. Furthermore, the relationships of any proposed nominee with the Bank or its subsidiaries are assessed before appointing a new director.

Generally, independent directors meet without members of Management at the end of all regular Board meetings. The Audit Committee and the Risk Management Committee regularly meet in private with the officers in charge of the surveillance functions (Internal Audit, Integrated Risk Management and Compliance).

Certain members of the Board of Directors are also directors of other reporting issuers. This information is presented under the heading "Election of Directors" of this Circular.

Schedule B of this Circular presents the attendance record of each director at the Board and committee meetings held during the last completed fiscal year of the Bank as well as the number of meetings of the Board of Directors and of each committee held without members of Management being present.

#### **BOARD MANDATE**

The text of the functions of the Board of Directors of the Bank is set out in Schedule D of this Circular.

#### **POSITION DESCRIPTIONS**

The Board of Directors has developed a written position description for the Chairman of the Board, Vice-Chairman of the Board and Chair of a committee of the Board, as well as for the President and Chief Executive Officer. The text of these position descriptions is set out in Schedule D of this Circular.

#### **ORIENTATION AND CONTINUING EDUCATION**

Every new director is mentored by a more experienced member of the Board of Directors and is matched up with a member of Management to ensure that he or she has access to all the information he or she may require. Meetings with the Chairman of the Board and with the President and Chief Executive Officer are also organized. Each new director also receives documentation and attends an information session to familiarize himself or herself with the Bank and with his or her duties and responsibilities as director.

Furthermore, an information manual is provided to each director and is regularly updated. Most meetings of the Board of Directors include presentations on topics of interest to the directors. Directors are also invited to attend seminars, at the Bank's expense.

#### **ETHICAL BUSINESS CONDUCT**

Integrity is a core value of the Bank which is fully endorsed by the Board of Directors. This value is notably conveyed through the codes of ethics. On recommendation of the committees, the Board of Directors approves the employees' Code of Ethics, the Code of Ethics for Service Providers, the Privacy Code as well as the Code of Conduct for the directors of the Bank. These codes are revised annually. The complete text of the employees' Code of Ethics and the Code of Conduct for the directors is available on SEDAR (www.sedar.com). The administration of the codes of ethics is under the responsibility of the Human Resources sector of the Bank. However, any serious breach thereof is reported to the Risk Management Committee.

In order to appropriately deal with any situation that may create a conflict of interest, Section 18 of the directors' Code of Conduct provides that directors may not participate in any Board or committee discussions regarding such a situation and may note vote on any question relating thereto.

#### **NOMINATION OF DIRECTORS**

The Human Resources and Corporate Governance Committee, made up entirely of independent directors, is responsible for proposing director nominees to the Board of Directors. The selected candidates usually fulfill at least one expertise requirement of the Board of Directors in a strategic field of interest for the Bank. To this end, the Committee maintains a chart setting out the competencies and skills that the Board should possess and evaluates each member against them. Thus, the Committee may favour candidates in accordance with the most sought after competencies and skills. Various other selection criteria are also applied, such as geographic distribution and the male / female ratio. The Committee strives to increase the Board's representativeness and diversity.

#### **COMPENSATION**

The Human Resources and Corporate Governance Committee is among other things responsible for establishing the compensation of the officers of the Bank and its report on this matter is presented under the heading "Report on Executive Compensation" of this Circular.

The Board of Directors, through the Human Resources and Corporate Governance Committee, ensures that directors' remuneration is adequate and competitive. Information regarding compensation of directors is available under the heading "Compensation of Directors" of this Circular.

#### OTHER BOARD COMMITTEES

Besides the Human Resources and Corporate Governance Committee, the Board of Directors of the Bank has two other committees, namely the Audit Committee and the Risk Management Committee. The mandates of all committees are set out in Schedule D of this Circular. All committees are composed exclusively of independent directors. Although the President and Chief Executive Officer and certain other officers of the Bank attend committee meetings, members meet regularly without members of Management, as indicated in Schedule B of this Circular.

The reports of the committees on their work during the last completed fiscal year are provided in Schedule E of this Circular.

Further information regarding the Audit Committee can be found in Section 12 of the Annual Information Form of the Bank dated December 4, 2007.

#### **ASSESSMENTS**

The Board of Directors has adopted a process intended to assess its efficiency along with the contribution of its members. The Human Resources and Corporate Governance Committee has been entrusted with applying this process. Before reviewing each year the composition of the Board of Directors, the Committee evaluates the contribution of the directors to the Board of Directors and its committees. Furthermore, each director completes an evaluation questionnaire of the Board of Directors and of its committees and completes his or her own self-assessment. The Chairman of the Board then meets with each director individually to discuss the results, and improvements can be brought when required.

Further information on the Bank's corporate governance practices can be found in the "Corporate Governance" section of the Bank's 2007 Annual Report.

#### **DIRECTORS' AND OFFICERS' LIABILITY INSURANCE**

The Bank subscribes for liability insurance for the benefit of its directors and officers and those of its subsidiaries, as a group. The limit of such insurance, which expires on December 1<sup>st</sup>, 2008, is \$50,000,000. The deductible is \$1,000,000 per event. The yearly premium is \$388,987.

#### INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Since the beginning of the last completed fiscal year, the Bank did not make any transaction which materially affected the Bank or one of its subsidiaries in which a proposed nominee for election as director, a director or officer of the Bank or of one of its subsidiaries or their respective associates or affiliates had an interest, direct or indirect.

#### **RULES OF ORDER**

A code of procedure was used at the last annual meetings of shareholders in order to specify shareholders' rights and facilitate deliberations at the Meeting. This code will be used again this year. Schedule F of this Circular contains the text of this code.

#### SHAREHOLDERS' PROPOSALS

Shareholders wishing to have a proposal included in the next management proxy circular of the Bank must provide the text of such proposal to the Secretary of the Bank at the latest on October 20, 2008.

#### **MINUTES**

A copy of the minutes of the Bank's last annual meeting of shareholders held on March 6, 2007 was mailed to shareholders together with this Circular.

#### **ADDITIONAL INFORMATION**

The Bank's financial information is provided in the Bank's comparative financial statements and Management's Discussion and Analysis for its most recently completed fiscal year. Additional information relating to the Bank is available on SEDAR at www.sedar.com and at www.laurentianbank.ca. Shareholders may contact the Bank's Secretary in writing at 1981 McGill College Avenue, 20<sup>th</sup> Floor, Montreal, Quebec H3A 3K3 to obtain free of charge copy of the Bank's financial statements and Management's Discussion and Analysis or of any other document available on SEDAR's web site which is mentioned in this Circular. The head office of the Bank is located at 1981 McGill College Avenue, Montreal, Quebec H3A 3K3.

#### **DIRECTORS' APPROVAL**

The Board of Directors of the Bank approved the contents of this Circular and the sending of it to each shareholder entitled to receive the Notice of Meeting, to each director, to the auditor of the Bank and to the appropriate regulatory authorities.

Montreal, Quebec, January 17, 2008

#### SCHEDULE A

#### SHAREHOLDER'S PROPOSALS

The Bank received nine proposals from a shareholder, Mouvement d'éducation et de défense des actionnaires (MEDAC). The text of these proposals and the shareholder's declarations, translated from French, are reproduced below in their entirety. The recommendations of the Board of Directors are also indicated below.

## PROPOSAL No. 1. Increase of 10% in the dividend paid to shareholders who hold their shares for two years and more

It is proposed that the Laurentian Bank of Canada encourages the continuity of its shareholding by increasing by 10% the dividend normally paid on shares that are held for more than two years.

In the past few years, market instability and investors' search for short-term profitability have encouraged investors to «constantly play the market». Adopting the MEDAC proposal would have the beneficial effect, besides recognizing shareholder loyalty, to encourage the development of a base of shareholders who pursue long-term return objectives and favour management, orientation and compensation policies centered on the sustainability of the Laurentian Bank of Canada.

This proposal is inspired from a French law adopted on July 12, 1994 authorizing corporations to reward individual shareholders for their loyalty. Currently in force at large French companies, Air Liquide and Lafarge, the mechanism encourages small unitholders to keep their shares, to develop a greater sense of belonging and to favour long-term policies.

**Recommendation of the Board of Directors:** The Management and Board of Directors of the Bank seek the Bank's long term profitability and believe that this strategy constitutes a sufficient incentive for shareholders to keep their shares for a longer period of time. Furthermore, the Bank raises serious doubts as to the legality of the proposed measure because, on one hand, it cannot unilaterally modify the terms and conditions attached to shares that have already been issued and, on the other hand, it cannot create common shares with different rights than those of common shares that already exist. Therefore, the shareholder could direct its request towards the Minister of Finance in the context of a future review of the Bank Act.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 2. Voting right after a minimum share holding period of one year

It is proposed that the shareholders' voting right be obtained after a minimum holding period of one year.

This proposal is inspired from the recommendations of the HEC-Concordia Institute for Governance of Private and Public Organizations, whose financing is partially ensured by the Jarislowski Foundation and the abovementioned universities.

The Institute submits the following motives:

The practice of granting all the privileges of corporate citizenship immediately upon purchase of a share has two negative, or at the very least, dubious effects:

It gives undue influence and power to transient shareholders determined to create short-term value for themselves by all possible means, in particular, by leveraging a short-term stock position to influence the outcome in takeover situations or to provoke such situations.

Transient investors induce in managers a short-term perspective attuned to the expectations of these shareholders; for instance, a study by Brian Bushee concludes that high levels of transient ownership are associated with an over-weighting of near-term expected earnings. This finding supports the concerns that many corporate managers have about the adverse effects of an ownership base dominated by short-term focused institutional investors (Bushee, 2004).

In another paper, Graham, Harvey and Rajgopal (2005) report on a survey of some 400 financial executives in the U.S. They found that financial executives would forego positive NPV projects to meet short-term earning benchmarks. They conclude that in the end, many results are disturbing. The majority of CFOs admit to sacrificing long-term economic value to hit a target or to smooth short-term earnings or avoid excessive fluctuations of quarterly profits.

**Recommendation of the Board of Directors:** The principle of one vote per voting share is at the basis of the Canadian corporate system and is notably entrenched in Section 60 of the *Bank Act*. As for proposal No. 1, the Bank does not believe that the proposed measure is possible under the current legislative environment. In addition, the Bank doubts that the creation of two classes of common shareholders with respect to voting rights would have the anticipated effect since shareholders who hold their shares for a short period of time do not necessarily do so in an effort to exercise their right to vote in a given direction. The Bank believes, once again, that its long-term strategy constitutes a sufficient incentive for shareholders to keep their shares for a longer period of time.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 3. Compensatory premiums for employees

It is proposed that the by-laws of the Laurentian Bank of Canada provide for payment to the employees' retirement fund of an amount equal to double the compensatory bonuses and benefits paid to officers and directors in the event of a merger or acquisition.

In its August 15, 2007 issue, the *La Presse* newspaper revealed that BCE's senior officers and directors would pocket a grand total of \$170 million after the hostile offer of the Ontario *Teachers'* pension fund to take over the company. In the case of the Alcan and Rio Tinto merger, the circular for the acceptance of the US\$38.1 billion offer referred to \$110 million in incentive bonuses for officers and managers of the company. If the transaction is accepted, the president will collect at least \$51 million. If the latter is dismissed after Rio Tinto's takeover, he would be entitled to an additional indemnity of at least \$8.1 million. His senior partners at Alcan will share a jackpot of at least \$88 million in bonuses and other gains.

The MEDAC believes that it is unfair for employees not to receive any benefit from such a financial operation. These loyal employees have devoted years and often decades to building the company. They deserve much more than certain officers that are only passing through, filling their pockets, enjoying a golden retirement and other benefits without relation to the quality of services rendered to the Laurentian Bank of Canada.

Recommendation of the Board of Directors: As disclosed under the heading "Termination of Employment, Change in Responsibilities and Employment Contracts" of this Circular, the senior officers of the Bank are covered by an indemnity plan under which they will be paid compensation <u>only</u> in the case of a loss of employment in the year following a change of control of the Bank. Such an indemnity plan is part of the usual employment conditions for senior officers and is justified by the fact that the potential purchaser of a company will generally replace its senior officers (but not necessarily the employees). The Board of Directors of the Bank believes that the amounts to be paid in accordance with the indemnity plan are not excessive and are in line with general labour market practices. As for the directors of the Bank, they are not covered by any indemnity plan.

Moreover, even though the amounts under consideration are rather modest in the case of the Bank, the Bank does not believe that the proposal is to the advantage of the shareholders because the proposed requirement to pay double the amount of the compensatory bonuses and benefits paid to the senior officers and directors would necessarily be taken into account by a potential purchaser to the detriment of the maximization of value for the shareholders.

Finally, it should be noted that pension plans are subject to specific rules under which it could in any event be impossible for the Bank to contribute above a certain amount.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 4. Parity among women and men on the board of directors

It is proposed that there be as many women as men sitting on the board of directors of the Laurentian Bank of Canada, within three years of adopting this proposal.

The MEDAC's proposal made at last year's annual meeting suggested that women represent a third of the members of the board of directors within three years of adopting the proposal. The MEDAC raises its requirements on this matter, being convinced that a higher representation of women on the board of directors will bring an added value to its performance. A 2004 Catalyst Institute survey conducted with 353 of the world's largest companies indicated that companies with the highest representation of women in management reached the best rates of return. In parallel, according to a Conference Board study, it is clearly demonstrated that the presence of women within a board of directors changes the way it functions. For example, during meetings, women have different concerns, ask new questions and bring forth new points of view. The subjects covered are broader and hence become more representative of all aspects of good governance. Moreover, in the opinion of high level recruitment experts, women offer distinct competencies (multi-tasking capacity, social and communication skills, concerns over long-term issues), which provide added value to the activities of boards of directors. In

Quebec, 24 Crown corporations (Section 5 of the Auditor General Act) are henceforth required that half their board of directors be composed of women as of 2011.

Recommendation of the Board of Directors: Firstly, the Bank completely agrees that parity among women and men on the Board is desirable. In general, the Bank believes that a diversified Board (in terms of expertise, sex, age and geographic origin) and representative of its market is an asset. The Board of Directors of the Bank has set for itself the objective to increase the representativeness and the diversity of the Board. To that effect, it should be noted that the Board of Directors of the Bank currently includes four women among thirteen members (equal to 31%), which makes it a leader among Canadian financial institutions. That being said, the Bank's first concern is to propose to the shareholders the election of a qualified Board of Directors which is able to efficiently supervise the management of the Bank. Under current conditions, many difficulties are already encountered when it comes to hiring quality directors in the areas of expertise where the Bank has the most pressing needs. The addition of rigid rules with respect to the composition of its Board will only make this task more difficult.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 5. Information on compensation equity

It is proposed that the annual report and management proxy circular reveal the equity ratio between the overall compensation of the highest paid officer of the Laurentian Bank of Canada, including annual salary, bonuses, gratuities, payments under long term incentive plans and all other forms of compensation, and the average compensation of employees.

According to a *Teachers'* pension fund study published in May 2006, there is no correlation between executive compensation and market performance. This study came to a troublesome conclusion: executives that collected the most significant raises did not succeed at increasing their company's shares any faster than those of other companies in the same area of business. In Canada, the 2006 average compensation of the heads of large companies, according to data compiled by *The Globe and Mail*, was 116 times higher than the average compensation of workers in Canada.

Compensation policies for senior officers and their general employment conditions are far too generous, even excessive, which is unfair to subordinates and employees. It is imperative that our institutions' rules and regulations safeguard policies that are equitable and fair in dealing with human resources.

Recommendation of the Board of Directors: This Circular discloses in detail the overall compensation of the highest paid members of the Management Committee of the Bank. The Bank does not believe, however, that the ratio between the compensation of the President and Chief Executive Officer and that of the employees' "average" compensation is a reliable indicator that could have any comparison value between companies in the absence of clear rules with respect to the manner in which it is calculated (use of mean or median; inclusion or not of exceptional elements). Furthermore, the concept of an average compensation for employees would inevitably be distorted by the presence (or not) of a few senior officers or brokers who receive very high compensation in comparison with other employees and by the total number of employees. The average compensation of employees will therefore depend to a large extent on the type of operations of each issuer, which renders comparisons of little use even within a single industry.

The Board of Directors of the Bank does not believe that the compensation policies of the Bank's senior officers and their general working conditions are "too generous, even excessive". The Bank also believes that its employees, who constitute an undeniable asset, are treated fairly and equitably taking into account the competitive market in which it carries on its activities.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 6. Prior approval by shareholders of the compensation policy for senior officers

It is proposed that the compensation policy for the five highest officers of the Laurentian Bank of Canada be adopted by the shareholders beforehand, as well as the retainers paid to board members.

Considering the high cost of an excessive compensation system, it is legitimate that the shareholders, who own the Laurentian Bank of Canada, be called upon to approve the compensation policy for the five highest paid employees, as well as the retainers paid to board members. The current policy of the fait accompli fact on these matters is offensive and archaic for shareholders, relegating them to the rank of rubber-stampers at annual meetings.

Such a requirement is expressed in the "Principles of Corporate Governance" published in 2004 by the Organization for Economic Co-Operation and Development (OECD):

"Shareholders should be able to make their views known on the remuneration policy for board members and key executives. The equity component of the compensation schemes for board members and employees should be subject to shareholders approval."

In France, the overall envelope of the board members' retainers must be approved by the shareholders. In the United States, all participation plans in shares or options are submitted to the vote at the annual meeting of shareholders. On April 20, 2007, the House of Representatives accepted, by a historic vote of 269 to 134, a new law imposing an advisory vote on compensation policies for the shareholders of publicly traded companies. In this respect, one should note the voting results of such «say on pay» resolutions at some major annual meetings: *Ingersoll-Rand* (57% in favour), *Blockbuster* (57%), *Motorola* (52%), *Bank of New York* (47%), *Apple* (46%) and *Citigroup* (43%).

**Recommendation of the Board of Directors:** We understand that this proposal is in reaction to certain abusive compensation practices which made headlines in the past years. The Board of Directors of the Bank shares the shareholder's concerns in that respect, but believes that the Canadian corporate system is fundamentally sound and should not be called into question because of certain cases of abuse.

In accordance with Canadian corporate laws, including the *Bank Act*, the Board of Directors, appointed by the shareholders, has the authority to fix the compensation of senior officers. If certain boards of directors perhaps did not exercise the necessary wisdom in establishing compensation in the past, it is the Board of Directors who is nevertheless the best suited to take informed business decisions in that regard, taking into account all circumstances and consequences, and who must ultimately answer for its decisions to the shareholders. It is not in the interest of shareholders to remove responsibility from the Board of Directors on questions of its competence.

From a practical point of view, the Board of Directors must maintain a certain flexibility in terms of compensation in order to attract and retain first-class candidates in a competitive environment. It is difficult to conceive being able to obtain the approval of shareholders throughout the year for every change in the working or hiring conditions of a senior officer, or to obtain a "retroactive" approval at each annual meeting of shareholders. Such loss of flexibility is not to the advantage of the Bank and would render it less competitive.

The Board of Directors of the Bank, supported by its Human Resources and Corporate Governance Committee, takes its role in matters of executive compensation very seriously as more fully disclosed in this Circular, which contains complete disclosure of the Bank's senior officers' compensation, and goes even further than regulatory requirements. The Board of Directors of the Bank considers that its compensation policy does not constitute an "excessive compensation system". It is, on the contrary, balanced in order to attract and retain officers on whom the future of the Bank depends, while taking into account the competitive environment and financial situation of the Bank. The Board of Directors of the Bank is committed toward a continuous improvement of its compensation practices and disclosure.

The Board of Directors of the Bank is always attentive to the opinion of shareholders. If shareholders wish to ask questions or make comments regarding the compensation policy of the Bank, they have many ways to do so. In particular, the Chairman of the Board of Directors as well as the Chair of the Human Resources and Corporate Governance Committee are available during annual meetings of shareholders and the shareholders are encouraged to actively participate in these meetings. The expression of particular opinions by shareholders is actually much more useful to the Board of Directors than an advisory vote on compensation policies, which would give no indication on the real nature of the shareholders' concerns and would oblige the Board to speculate on the reasons behind the shareholders' rejection of the compensation policy.

Another way by which shareholders may express their opinion is through their voting at the election of directors. The Bank uses cumulative voting for the election of directors since 1993. For cumulative voting, the shareholders have the right to cast a number of votes equal to the number of votes attached to their shares, multiplied by the number of directors to be elected, and the votes may be distributed among one or several of the proposed nominees in any manner. Shareholders can therefore express their disagreement by withholding their vote with respect to certain nominees and by distributing their votes among other nominees. This year, the Board of Directors also adopted a majority voting policy under which a nominee for election as director who would not receive the required minimum number of votes at the annual meeting of shareholders would be required to immediately tender his or her resignation. This policy further strengthens shareholder involvement. Further details with respect to the majority voting policy can be found under the heading "Election of Directors" of this Circular.

With respect to directors' retainers, shareholders did approve, at the 2003 annual meeting of shareholders, an aggregate amount not exceeding \$1,200,000 for the compensation that can be paid to all directors of the Bank as directors during each fiscal year. As detailed under the heading "Compensation of Directors" of this Circular, the total amount for the 2007 fiscal year was \$648,206. Any increase in the aggregate amount will be submitted to the approval of the shareholders.

Finally, it should be noted that the Canadian Coalition for Good Governance announced last January 7 its intent not to recommend universal backing for "say on pay" type proposals in the current Canadian context (see the Coalition's web site at www.ccgg.ca for further detail).

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 7. No stock option exercise before the end of the officers' mandate

It is proposed that the Laurentian Bank of Canada regulates the exercise of all stock options granted to senior officers and directors of our companies by stipulating that such options can not be exercised by those concerned before the end their mandate.

Since the mid-nineties, North American companies have increased the use of stock options in the compensation of senior officers and directors. This practice has resulted in excessive and unjustifiable levels of compensation in light of the performance of most large companies and of stock performances offered to shareholders. These abuses have largely contributed to the dramatic loss of confidence by investors and the public in the quality of corporate governance and the integrity of capital markets. The compensation of officers has been completely dissociated from the achievement of fixed long term goals and has been transformed into an incentive to manage companies with immediate share price as the sole concern. Massive use of stock options in the compensation system is the main reason for such distortions and, according to many, is also the origin of numerous frauds implicating officers who, with the complicity of their auditors, contravened ethics and the law in order to tamper with information on their company's real financial situation.

Far from aligning the interests of officers to those of the shareholders, stock options have caused an erosion of investors' wealth. On September 26, 2002, the Canadian Council for Chief Executives (CCCE) also came to the same conclusion by expressing its understanding of the investors' frustration when senior officers are generously compensated for past performances whose results were short-lived.

**Recommendation of the Board of Directors:** The number of securities that can be issued under the Bank's stock option plan now in place is limited to a total 1,600,000. Currently, there are only 119,160 securities that can still be issued under the plan and granting large amounts of new options is therefore impossible. Because the Bank cannot affect the rights of holders according to the existing plan, the proposed modification would have no effect on the options that have already been issued. To grant stock options leading to the issuing of Bank securities beyond the specified limit, a new stock option plan would in any event have to be implemented and submitted to the approval of the shareholders.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 8. Disclosure of participation in hedge funds and high-risk mortgage loans

In consideration of the high concerns expressed by numerous observers and regulators regarding the effects of hedge funds and high-risk mortgage loans on the stability of the financial system, it is proposed that the bank make public information on its direct or indirect participation is such activities.

Last year, MEDAC sounded the alarm by demanding the disclosure of participation in hedge funds. Our proposal received considerable support at the annual meetings in which we participated, such support generally being over 10%. In accordance with the law, MEDAC submits it again, considering that such funds continue to represent very high risks for investors and that the available information does not allow them to clearly estimate the risk to which they are exposed.

One should recall that hedge funds use risk-hedging techniques in order to speculate on capital markets. Their financial strategy is mainly based on large scale leveraging, which translates into high indebtedness intended to finance risky investments and arbitrage operations which aim to take advantage of price variations between markets. Mostly located in tax havens, these funds do not hold securities; they borrow them and become owners only once the transaction is completed. Leveraging hence becomes maximal. One should add that many of these funds, which have a strictly speculative vocation, play on rumours to create instabilities and provoke the required volatility to make a profit without economic cause.

The disclosure of the participation of banks in such funds is not the MEDAC's sole concern with respect to risky investments. Throughout the summer, capital markets entered a zone of very high turbulence with the high volume of sub-prime mortgages in the United States. In August 2007, the New York Stock Exchange lost 400 points on a particular day and the Toronto Stock Exchange lost 300 points. This crisis originated from certain American mortgage institutions which extended loans to American households that did not have the means to cope with higher interest rates. In order to extend an ever increasing amount of loans, these institutions transformed those high risk loans into bond-type securities which they re-sold to other companies, such as banks and specialized firms that offer to their clients riskier mutual funds, like hedge funds – which, incidentally, are barely regulated. A few Canadian financial institutions have been heavily affected by this crisis.

To foster openness, shareholders must be informed of such investments so that they can evaluate their own investments in the company in light of the risks that they incur and of the highly speculative management philosophy that their officers and directors embrace.

Recommendation of the Board of Directors: The Bank's investment and credit policies, approved by the Risk Management Committee and the Board of Directors, are prudent. Management and the Board of Directors of the Bank do not embrace a "highly speculative management philosophy". The credit policies of the Bank do not allow granting of high-risk mortgage loans. As for hedge funds, their use is well controlled by the risk management mechanisms currently in place. When necessary, the Bank informs the market of its participation in particular instruments. For example, this past August 21, the Bank confirmed that its exposure to non-bank commercial paper issued by conduits covered by the "Montreal Agreement" was limited. Furthermore, the consolidated financial statements of the Bank includes detailed and relevant information on the Bank's exposure to various financial instruments (please refer in particular to Notes 21 to 23 to the Bank's consolidated financial statement for the 2007 fiscal year). Hence, the Bank does not believe that a more specific disclosure is required.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

#### PROPOSAL No. 9. Cumulative voting to elect directors

It is proposed that the Laurentian Bank of Canada amends its statutes in order to institute a cumulative voting mechanism for the election of the members of the board of directors.

At the time of the presentation of this MEDAC proposal at the Laurentian Bank of Canada's annual meeting of shareholders, it received an XX% [sic] support rate. According to this mode of election, shareholders are entitled to as many votes as the number of shares they hold multiplied by the number of candidates to elect. These votes can then be exercised in favour of one candidate or all of them indistinctly according to the shareholder's will. Cumulative voting is a provision existing in Canadian law in order to favour the expression of the minority shareholders' will in the election of directors of a company. One of the basis of sound corporate governance is the legitimacy of the directors: in a world where corporate ownership has transformed itself over time, from a small number of significant shareholders to a myriad of holders of small split units and passive funds, the process of electing directors has slipped exclusively into the hands of managers and existing board members, putting the accent on independence and credibility – principles that we surely recognize – but concealing the legitimacy of representation of majority as well as minority shareholders, which is a source of new ideas and added value for all the shareholders.

In order to ensure the application of this principle, we demand the institution of cumulative voting, a means that ensures that minority shareholders fully play their role, since current policies favour managerial positions. The legitimacy of directors is as important as their independence and credibility. Hence, this proposal is not aimed at passing judgement on the openness of management and the board of directors towards shareholders' concerns, but essentially to confirm the principle that members of the board of directors must represent majority shareholders as much as minority shareholders.

**Recommendation of the Board of Directors:** Cumulative voting is already provided in Section 8.1 of By-law III of the General By-laws of the bank and is in use at the Bank for the election of directors <u>since 1993</u>.

Consequently, the Board of Directors does not believe it to be appropriate nor advisable to adopt this proposal and recommends voting AGAINST the proposal.

LAURENTIAN BANK MANAGEMENT PROXY CIRCULAR

37

#### **SCHEDULE C**

## **COMPENSATION PLANS**

#### Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada

Restricted Share Units Covered by the Plan - The RSUs are non-voting share units. The value of the RSUs at the time of the award is equal to the arithmetic average of the weighted average closing price of the Bank's common share on the Toronto Stock Exchange for the five trading days that precede the date on which the units are awarded (Share Price).

**Eligibility** - Level 9 vice-presidents and Executive level I, II, III and IV senior officers are eligible to participate in the Plan. The Human Resources and Corporate Governance Committee (the Committee) has the discretion to extend eligibility to other management and non-management employees, according to the circumstances and conditions deemed appropriate. Participation in the Plan is compulsory for Executive level III and IV senior officers. Participation is optional for all the other eligible employees.

Awards - Generally, the Committee will grant awards annually at the meeting of the Committee preceding the meeting of the Board of Directors of the Bank at which the Bank's annual financial results are approved, conditional upon a bonus being awarded under the short-term incentive compensation program. Each award shall be confirmed by a notice sent to the participant. The participant must contribute 60 % (for Executive level I, II, III, IV senior officers) and 33 % (for level 9 vice-presidents) of the annual bonus otherwise payable to the participant under the Bank's short-term incentive compensation program (Employee Share) and in recognition of the element of risk inherent to this conversion, the Bank undertakes to contribute an amount equal to 60 % of the Employee Share (Employer Share). The total of these contributions will serve to establish the total number of RSUs to be awarded. The number of RSUs to be awarded to a participant, for a given year, shall be determined as per the following formula:

## Employee Share + Employer Share Share Price

Subject to the provisions below, the term of a RSU begins at the date of the award indicated in the letter of confirmation and ends at the first day of the opening of the window for insider trading that follows the approval by the Board of Directors of the Bank of the annual financial statements of the third year subsequent to the date at which the award was approved by the Committee (Payment Date). The term may not exceed the period ending December 31 of the third year following the date on which the Committee approved the award. The Committee has the discretion to award a different number of RSUs than the number provided above by the Plan and even decide to award no RSUs, to one, several or all participants, or modify the percentages provided in the definitions of Employee Share or Employer Share for a given year, as justified by circumstances, in taking into account the recommendations of the President and Chief Executive Officer.

**Dividend Equivalents** - The RSUs granted under the Plan entitle the participants to dividend equivalents. The number of additional RSUs so granted is determined by the result obtained by dividing the amount of dividend equivalents by the closing price of a common share of the Bank on the Toronto Stock Exchange on the last trading day preceding the date of payment of the dividend. The dividend equivalents linked to the Employer Share RSUs are subject to the same vesting rules that apply to the Employer Share RSUs.

**Vesting of RSUs** - The participant's Employee Share RSUs vest at the date of the award but can only be redeemed on the Payment Date. The participant's Employer Share RSUs vest only if he or she is an employee of the Bank at the Payment Date. Subject to the provisions below, any RSU that is not vested because a participant is not an employee of the Bank at the Payment Date, will be cancelled.

Redemption of RSUs - A participant can only redeem his or her RSUs if they are vested. Vested RSUs will be redeemed automatically on the Payment Date applicable to these RSUs. The redemption price of each RSU corresponds to the closing price of the Bank's common share established on the last trading day on the Toronto Stock Exchange preceding the Payment Date. Within ten days of the redemption of his or her RSUs, the participant will receive a cash payment equal to the redemption price multiplied by the number of RSUs redeemed. The payment will be reduced by the required statutory deductions.

**Employment Termination, Retirement, Death or Disability** - The RSUs awarded to a participant voluntarily terminating his or her employment (with the exception of termination for retirement) or being dismissed for just and sufficient cause by the Bank before the Payment Date will be treated as follows: i) Employee Share RSUs will be redeemed at the date of the employment termination. The redemption price of each RSU will correspond to the closing price of the Bank's common share established on the last trading day on the Toronto Stock Exchange preceding the date of termination; ii) the participant will lose his or her right to redeem all Employer Share RSUs.

When the Bank terminates the employment of a participant without just and sufficient cause, the participant dies or the participant suffers permanent or prolonged disability, RSUs will be treated as follows: i) Employee Share RSUs will be redeemed at the date of the employment termination. The redemption price of each RSU will correspond to the closing price of the Bank's common share established on the last trading day on the Toronto Stock Exchange preceding the date of termination; ii) the number of Employer Share RSUs will be adjusted proportionally to the number of days worked during the period. The resulting number of adjusted RSUs becomes the number of RSUs that will be redeemed at the date of termination. The redemption price of each RSU will correspond to the closing price of the Bank's common share established on the last trading day on the Toronto Stock Exchange preceding the date of termination.

When the participant takes his or her retirement, RSUs will be treated as follows: i) Employee Share RSUs will be redeemed at the date of the employment termination. The redemption price of each RSU will correspond to the closing price of the Bank's common share established on the last trading day on the Toronto Stock Exchange preceding the date of termination; ii) the number of Employer Share RSUs will be adjusted proportionally to the number of days worked during the period. The resulting number of adjusted RSUs becomes the number of RSUs that will be redeemed on the Payment Date and the redemption price will be established as provided under the heading "Redemption of RSUs" above.

Change of Control - If a participant's position is eliminated within a twelve-month period after a change of control of the Bank due to a reorganization, merger, restructuring, assignment, sale or other transformation of the Bank, the participant shall be entitled to vest all of his or her unvested RSUs, at the termination date. However, if the participant maintains a position equivalent to the position he or she held before the change of control, the vesting of the RSUs shall follow its normal course. This provision shall not apply if the participant's employment is terminated for just and sufficient cause.

Alterations of Share Capital - If a change occurs in the number of outstanding voting common shares of the Bank due to a payment of stock dividends, stock split, recapitalization, merger, consolidation, business combination, share-for-share exchange or any other similar change in the Bank's structure, the Committee shall carry out a fair readjustment of the number of RSUs awarded under the Plan and, if appropriate, of the value of these units. This readjustment shall be final and binding for the purposes of the Plan.

**Privatization** - If the Bank's common shares are subject to a public purchase offer resulting in the privatization of the Bank, the participant shall be deemed to have vested all the unvested RSUs on the date of the closing of the transaction that results in the privatization. The redemption price of the units shall be equal to the number of units times the price per share offered by the acquirer. The Payment Date shall be the date of closing of the transaction. However, this section shall not apply in the event that the Bank's shares are exchanged, in whole or in part, for the shares of a holding company or the shares of another company. In this case, the Committee shall proceed to an adjustment as provided in the preceding section.

Note: A deferred version of the Plan exists under which the Payment Date is the date on which the officer leaves the Bank.

#### Performance Share Unit Plan for Senior Management of the Laurentian Bank of Canada

**Performance Share Units Covered by the Plan** - The PSUs are non-voting share units. The value of the PSUs at the time of the award is equal to the arithmetic average of the weighted average closing price of the Bank's common shares on the Toronto Stock Exchange for the five trading days that precede the date on which the units are awarded (Share Price).

**Eligibility** - Executive level II, III and IV senior officers are eligible to participate in the Plan. The Human Resources and Corporate Governance Committee (the Committee) has the discretion to extend eligibility to other management and non-management employees, according to the circumstances and conditions deemed appropriate.

Awards - PSU awards are granted at the discretion of the Committee. Generally, the Committee will grant awards annually at the meeting of the Committee preceding the Board meeting at which the Bank's annual financial results are approved. At the same time, the Committee must approve the performance objectives applicable to the PSUs and the expected degree of attainment (including the minimum, target and exceptional performance levels for each year of the three-year Performance Period) as well as the vesting percentages corresponding to each performance level. The number of PSUs to be awarded to a participant, for a given year, shall be determined as per the following formula:

## Participant's Annual Salary X Target Percentage

Share Price

(The Target Percentage varies from 25% to 60% of annual base salary depending on the hierarchical level of the participant)

The Committee has the discretion to award a different number of PSUs than the number provided by the formula above and even decide to award no PSU, to one, several or all participants for a given year, as justified by circumstances, in taking into account the recommendations of the President and Chief Executive Officer.

**Dividend Equivalents** - The PSUs granted under the Plan entitle the participants to dividend equivalents. The number of additional PSUs granted is determined by the result obtained in dividing the amount of dividend equivalent by the closing price of a common share of the Bank on the last trading day preceding the date of payment of the dividend. Dividend equivalents are subject to the vesting rules provided below.

Vesting of PSUs - Subject to the provisions below, the participant acquires the right to 50% of the PSUs awarded at the date at which the last financial results of the Bank that will serve to establish the degree of attainment of the objectives of a given Performance Period are approved by the Board of Directors of the Bank (Results Date) provided that he or she is an employee of the Bank at that date. Subject to the provisions below, the participant acquires the right to the other 50% of the PSUs awarded at the Results Date as a function of the degree of attainment of the objective(s) set by the Committee for the Performance Period and provided that the participant is still an employee of the Bank at that date. Subject to the provisions below, any PSU that is not vested because a participant was not an employee of the Bank at the Results Date or at the Payment Date, will be cancelled. The Committee, acting reasonably, has the discretion to modify the provisions of this section, including the modifications of performance levels and vesting percentages of the PSUs linked to performance.

Redemption of PSUs - A participant can only redeem his or her PSUs if they are vested and is still an employee of the Bank at Payment Date. The participant automatically redeems the value of his or her vested PSUs on the first day of opening of the window for insider trading that follows the three-year Performance Period applicable for these PSUs (Payment Date). The redemption price of each PSU corresponds to the closing price of the Bank's common share established on the last trading day before the first opening day of the window as provided above. Within ten days of the redemption date of his or her PSUs, the participant will receive a cash payment equal to the redemption price multiplied by the number of PSUs redeemed. The payment will be reduced by the required statutory deductions.

Employment Termination, Retirement, Death or Disability - A participant voluntarily terminating his or her employment (with the exception of termination for retirement) or being dismissed for just and sufficient cause by the Bank before the vesting date or at the Payment Date loses the right to all unvested PSUs. When the Bank terminates the employment of a participant without just and sufficient cause, the participant dies or the participant suffers permanent or prolonged disability, the number of unvested PSUs (linked to performance or not) will be adjusted proportionally to the number of days worked during the Performance Period. The resulting number of adjusted PSUs becomes the number of PSUs that are vested for the period. When the participant takes his or her retirement, unvested PSUs will be treated as follows: i) the number of PSUs awarded at the beginning of the Performance Period and for which the vesting is based on the

passage of time will be adjusted proportionally to the number of days worked during such Performance Period. The resulting number of adjusted PSUs becomes the number of PSUs that are vested for the period; ii) the number of PSUs awarded at the beginning of the Performance Period and for which the vesting is based on performance will be adjusted proportionally to the number of days worked during such Performance Period. The resulting number of adjusted PSUs becomes the number of PSUs that are awarded for the period. The vesting of these adjusted PSUs will occur at the Results Date and redemption shall occur as provided under the heading "Redemption of PSUs" above

Change of Control - The effect of a change of control is the same as under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada, with required adaptations.

**Alterations of Share Capital** - The effect of alterations of share capital are the same as under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada, with required adaptations.

**Privatization** - The effect of privatization are the same as under the Restricted Share Unit Plan for Senior Management of the Laurentian Bank of Canada, with required adaptations.

Note: A deferred version of the Plan exists under which the Payment Date is the date on which the officer leaves the Bank.

#### Stock Option Purchase Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries

Shares Subject to the Plan - The shares which may be issued when options granted pursuant to the Plan are exercised are voting common shares of the Laurentian Bank of Canada (Shares). The shareholders of the Laurentian Bank of Canada determined that the maximum number of Shares which could be issued pursuant to the Plan would be 1,600,000. A beneficiary will not benefit from the rights of a shareholder of the Bank with respect to the Shares subject to the Options before he becomes the registered holder of these Shares.

Eligibility - All members of the Management Committee of the Bank are eligible as well as any other employee designated by the Committee.

Grants - The Committee designates, from time to time, among the eligible members of the management, those who will benefit of a grant. The Human Resources and Corporate Governance Committee (the Committee) determines the number of Shares subject to the grant as well as its effective date. Each grant bears the option to purchase a given number of Shares (Option). The number of Shares is established in relation with the market value and the base salary of the beneficiary as determined by the Committee. Each grant is witnessed by a letter addressed to the beneficiary who may hold more than one grant at any time. The grants are allowed at the Committee's discretion. Generally, the Committee will allow grants each year at the time of the revision of the salary of the participant. The Committee may, nonetheless, allow special grants at any time under circumstances deemed appropriate by the Committee. The value of the annual grants is determined in relation with the base salary of the participant. For a member of the Management Committee or an equivalent position within a subsidiary, the value of the annual grant will generally be equal to the following percentage of the annual base salary of the participant: President - 150%; Executive Vice-President - 100%; Senior Vice-President - 75%. The Committee may, nonetheless, allow annual grants of different value in view of special circumstances, and notably to account for special grants.

**Subscription Price** - The subscription price of each share which may be purchased at the exercise of the Option (Subscription Price) is determined by the Committee for each grant, but may not be less than 100% of the market value at the time of the grant. For the purposes of the Plan, the words "market value" mean the arithmetic average of the weighted average trading prices of the Shares negotiated on the Toronto Stock Exchange on the five days preceding the grant.

Exercise of the Option - Each option granted pursuant to an annual grant may be exercised in the following manner: no Share subject to the Option may be subscribed before the first anniversary of the grant date; not more than 25% of the total number of Shares subject to the Option may be subscribed before the second anniversary of the grant date; not more than 50% of the total number of Shares subject to the Option may be subscribed before the third anniversary of the grant date; not more than 75% of the total number of Shares subject to the Option may be subscribed before the fourth anniversary of the grant date; all Shares subject to the Option which have not been subscribed by the fourth anniversary of the grant date may be subscribed at any time thereafter but not later than the first of the following dates: the date of the expiry of the Option as determined by the Committee or the tenth anniversary of the grant. The Committee determines the manner in which Options granted pursuant to a special grant may be exercised.

Length of the Option - Each Option is effective for a period determined by the Committee but not exceeding ten years after the grant date, subject to the following conditions: (a) during the employment of the beneficiary, the latter may exercise his Options at the frequency and during the periods stipulated by the present Plan or by the Committee; (b) in case of death of the beneficiary, any Option acquired ends at the expiration date initially determined or twelve months after the death of the beneficiary, whichever is first. Within this period, the estate of the beneficiary may exercise the Options regarding which rights are acquired at the time of the death of the beneficiary; (c) upon retirement, the beneficiary may exercise all Options as rights are acquired but before the first of the following dates, either the December 31 of the third year following the year of retirement or the expiration of the grant established by the Committee; (d) if the beneficiary ceases to be employed by the Bank, for any reason other than death or retirement, any Option acquired expires 30 days after the date the beneficiary ceases to be employed by the Bank; (e) the Committee may, at its discretion allow all Options to be exercised, even if rights to these Options are not acquired and postpone the limit for the exercise of Options mentioned in paragraphs (b), (c) and (d), as long as this date is not later than the expiry date of the Option; (f) the Committee may, subject to the approval of the beneficiary, cancel a grant the Options of which have not been exercised. The beneficiary looses any right conferred by the Option if these rights have not been exercised before the expiry of the Option. All Shares which have been subject to Options which were cancelled or which have expired may be granted anew.

**Change of Control** - In the event of a change of control of the Bank resulting from a reorganization, a merger, a restructuring, a transfer, a sale or other transformation of the Bank, the beneficiary will be deemed to have acquired the right to exercise all the Options granted as of the date of the change of control. However, the present provision does not apply if the beneficiary's employment is terminated for a just and sufficient cause.

Alterations of Share Capital - If changes occur in the number of issued common voting Shares of the category contemplated by the Plan following a dividend paid in Shares, a share split, a merger, a consolidation or regrouping or exchange of Shares or any other similar modification

in the structure of the Bank, the Committee will readjust equitably the Options granted pursuant to the Plan and, if needed, of the Subscription Price of the Shares. These adjustments will be final and mandatory for the purposes of the Plan.

**Privatization** - If the Shares of the Bank cease to be publicly traded on a stock exchange, notably because all the Shares would be owned by a sole owner, the beneficiary will be deemed to have acquired the right to exercise all the Options granted at the date of the privatization. This section does not apply however when the shares of the Bank are exchanged for the shares of a holding company or the shares of another company.

#### Phantom Shares Plan for the Officers of the Laurentian Bank of Canada and its Subsidiaries

Eligibility - All members of the Management Committee and of the Planning Committee of the Bank are eligible as well as any other employee designated by the Committee.

**Rights of Shareholders** - Phantom shares granted to a participant or the right to the plus-value of those phantom shares do not entitle a beneficiary to any of the rights of a shareholder of the Bank.

Grants - The grants of phantom shares are allowed at the Committee's discretion. Generally, the Human Resources and Corporate Governance Committee (the Committee) will allow grants each year at the time of the revision of the salary of the participant. The Committee may, nonetheless, allow special grants at any time under circumstances deemed appropriate by the Committee. Each grant is witnessed by a letter addressed to the beneficiary indicating the number of phantom shares granted, the underlying value of the shares and the terms and conditions under which the plus-value of the phantom shares can be cashed. The value of the grants is determined in relation with the base salary of the participant. For a member of the Management Committee or of the Planning Committee or an equivalent position within a subsidiary, the value of the annual grant will generally be equal to 50% of the annual base salary of the participant, and to 75% in the case of Executive Vice-Presidents. For any other designated employee, the value of the annual grant will generally be equal to 30% of the annual salary of the participant. The Committee may, nonetheless, allow grants of different value in view of special circumstances. The number of phantom shares is determined according to the following formula:

Base salary X Value of the grant
Value of the phantom share at the time of the grant

Phantom Shares Plus-Value - A beneficiary acquires the right to the plus-value of the phantom shares granted to him in accordance with the provisions below. The plus-value of a phantom share at a given date is equal to amount by which the value of the phantom share at that date exceeds the value of the phantom share at the date of the grant. The value of a phantom share at the date of the grant is equal to the market value of a common share of the Bank at the date of the grant. For the purposes of the preceding sentence, the "market value" of a common share means the arithmetic average of the weighted average of trading prices of the shares negotiated on the Toronto Stock Exchange on the five trading days preceding the grant. The value of a phantom share at a date other than the date of the grant is equal to the market value of a common share of the Bank at that date. For the purposes of the preceding sentence, "market value" at a date means the arithmetic average of the closing prices of the shares negotiated on the Toronto Stock Exchange on the last trading day preceding that date when at least one share has been traded.

Acquisition of the Right to the Plus-Value - A beneficiary acquires the right to the plus-value of the phantom shares granted to him in the following matter: no right to the plus-value of a phantom share may be acquired before the second anniversary of the grant date; the plus-value of 25% of the total number of phantom shares granted is acquired on the second anniversary of the grant date; the plus value of a further 25% of the total number of phantom shares granted is acquired on the third anniversary of the grant date; the plus-value of a further 25% of the total number of phantom shares granted is acquired on the fourth anniversary of the grant date; the plus-value of all the phantom shares granted is acquired on the fifth anniversary of the grant date.

Exercise of the Right to the Plus-Value - A beneficiary can exercise his right to the plus-value of the phantom shares only when the right to that plus-value has been acquired. The right to the plus-value of a phantom share which has not been exercised on the tenth anniversary of the grant date is annulled and void.

Payment of the Plus-Value - When a beneficiary exercises his right to the plus-value of a phantom share, he is entitled to a cash payment equal to the plus-value of those phantom shares on the date on which the required form for the exercise of the right to the plus-value is received by the Secretary of the Bank. This payment, net of statutory deductions, is made to the beneficiary with all possible dispatch.

Termination of Employment - In case of death of the beneficiary, the estate of the beneficiary may exercise the right to the plus-value of the phantom shares which are acquired at the time of the death of the beneficiary, provided such exercise is made within one year of the death of the beneficiary. Upon retirement, the beneficiary may exercise his rights to the plus-value as rights are acquired but before the first of the following dates, either December 31 of the third year following the year of retirement or the tenth anniversary of the grant date. If the beneficiary ceases to be employed by the Bank, for any reason other than death or retirement, any acquired right to the plus-value of the phantom shares expires 30 days after the date the beneficiary ceases to be employed by the Bank. The Committee may, at its discretion allow all rights to the plus-value of the phantom shares to be exercised, even if those rights are not acquired and postpone the limit for the exercise of grants mentioned in this section, as long as this date is not later than the expiry date of the grant. The Committee may, subject to the approval of the beneficiary, cancel a phantom share of which the right to the plus-value has not been exercised. The beneficiary looses any right to the plus-value conferred by a phantom share if these rights have not been exercised before the expiry date of the grant.

Change of Control - In the event of a change of control of the Bank resulting from a reorganization, a merger, a restructuring, a transfer, a sale or other transformation of the Bank, the beneficiary will be deemed to have acquired the right to the plus value of all the phantom shares granted as of the date of the change in control. However, the present provision does not apply if the beneficiary's employment is terminated for a just and sufficient cause.

Alterations of Share Capital - If changes occur in the number of issued common voting shares of the Bank following a dividend paid in Shares, a share split, a merger, a consolidation or regrouping or exchange of Shares of any other similar modification in the structure of the Bank, the Committee will readjust equitably the number of phantom shares granted pursuant to the Plan. These adjustments will be final and mandatory for the purposes of the Plan.

**Privatization** - If the Shares of the Bank cease to be publicly traded on a stock exchange, notably because all the shares would be owned by a sole owner, the beneficiary will be deemed to have acquired the right to the plus-value of all the phantom shares granted as of the date of the privatization. This section does not apply however when the shares of the Bank are exchanged for the shares of a holding company or the shares of another company.

#### **Mandate of the Audit Committee**

- Establishment The Audit Committee (the "Committee") is constituted by the Bank's Board of Directors in order to support it in exercising its oversight and communication and disclosure functions. The Committee reviews its mandate annually.
- 2. Appointment and Membership The Committee consists of at least three directors. At the Board meeting that follows the annual meeting of shareholders, the Board of Directors appoints the directors who make up the Committee and its Chair. The Committee shall be formed of members who are not employees or officers of the Bank or a subsidiary and a majority of whom are not affiliated with the Bank. All Committee members must meet the independence requirements established by the Board and be financially literate as stipulated in *Multilateral Instrument 52-110 Audit Committees*. Unless they are replaced in the interim by decision of the Board, the Committee members shall remain in office until the Board meeting that follows the annual meeting of shareholders.
- 3. Compensation For their services, the members of the Committee receive the compensation established by resolution of the Board.
- **Meetings** The Committee meets at least once every quarter. Committee meetings may be held without notice provided the members waive such notice, as often as the members deem appropriate and at the location determined by them. The Committee Chair, the President and Chief Executive Officer, the Chief Financial Officer, the officer in charge of Internal Audit and the external auditor can demand that a meeting be held. The external auditor receives notice of and may attend Committee meetings.
- 5. Quorum Quorum at Committee meetings shall be constituted by a majority of the members.
- **6. Chair** The Committee Chair, as designated by the Board of Directors, chairs the Committee meetings. In the Chair's absence, the members present may elect from their number a Chair pro tempore. The external auditor, the officer in charge of Internal Audit and the officer in charge of Compliance may communicate directly with the Chair.
- 7. Procedure The procedure for Committee meetings shall be the same as that for meetings of the Board of Directors.
- 8. Powers of the Committee In carrying out its mandate, the Committee, if it deems appropriate, may:
  - (a) call a meeting of directors;
  - (b) communicate with or meet privately with any officer or employee of the Bank as well as with its internal and/or external auditors; and
  - (c) call on the services of resources external to and independent of the Bank and determine and pay the related fees in compliance with the policy of the Board of Directors regarding the use of external advisors.

- 10.1.11 Discuss the audit results, financial statements and related documents, audit report and any related concern of the external auditor with Management and the external auditor;
- 10.1.12 Hold regular meetings with the external auditor, without Management present, to understand all issues that may have arisen during meetings between the auditor and Management in the course of the audit and how those issues have been resolved, and to determine the extent to which accounting practices being used by the Bank are appropriate relative to materiality of the item;
- 10.1.13 Review the external auditor's recommendation letter which follows the annual audit and the corresponding follow-ups, material changes to accounting practices, the main value judgements on which the financial reports are based and how these reports are drafted;

- 10.1.14 Review the annual and quarterly financial statements, management's discussion and analysis and press releases regarding annual and quarterly results, the annual information form and any statement required by regulatory authorities prior to their publication and recommend their adoption by the Board, if appropriate;
- 10.1.15 Examine all investments and transactions likely to undermine the Bank's financial position that are reported by the external or internal auditor or an officer, including loans referred to in section 328 of the Bank Act, and meet with the external auditor to discuss them;
- 10.1.16 Recommend to the Board the declaration of dividends and review the related press release;
- 10.1.17 Review and, if appropriate, approve transfers of tax between the Bank and its affiliates;
- 10.1.18 Review and, if appropriate, approve the financial statements of the pension plans offered by the Bank to its employees;

#### With respect to the Internal Audit function:

- 10.1.19 Approve the selection of the officer in charge of Internal Audit and assure itself of his/her competence, independence and the adequacy of his/her resources and of his/her compensation and review and, if appropriate, approve his/her mandate;
- 10.1.20 Assure itself that the internal audit activities have a sufficient degree of independence, sufficient status and visibility and that they are subject to periodic reviews;
- 10.1.21 Assure itself that the scope of the audit plan is appropriate, risk based, and addresses major areas of concern, and that the audit plan is reviewed with appropriate frequency;
- 10.1.22 Discuss with the officer in charge of Internal Audit his/her material findings and recommendations and follow up thereon:
- 10.1.23 Periodically review the performance of the officer in charge of Internal Audit;

#### With respect to internal controls:

- 10.1.24 Assure itself that Management implements appropriate internal control and management information systems, review, assess and approve such systems and assure itself of their integrity and effectiveness, including the elements comprised in any certification required by regulations;
- 10.1.25 Meet with the external auditor, the officer in charge of Internal Audit and Management to discuss the effectiveness of the implemented internal control and management information systems and the measures taken to rectify any material weaknesses and deficiencies;
- 10.1.26 Assure itself that Management implements procedures regarding the receipt, retention and handling of complaints received with respect to accounting, internal accounting controls or audit as well as regarding confidential anonymous submissions by employees on questionable accounting or audit matters, and review and, if appropriate, approve the policy on the handling of complaints and comments about suspicious accounting and audit-related activities and assure itself of its respect;

#### With respect to compliance:

- 10.1.27 Review and, if appropriate, recommend that the Board approves the compliance policy and assure itself of its respect;
- 10.1.28 Review and, if appropriate, approve the money laundering and terrorist financing policy and assure itself of its respect;
- 10.1.29 Approve the selection of the officer in charge of Compliance and assure itself of his/her competence, independence and the adequacy of his/her resources and of his/her compensation;
- 10.1.30 Assure itself that the compliance activities have a sufficient degree of independence, sufficient status and visibility and that they are subject to periodic reviews;
- 10.1.31 Discuss with the officer in charge of Compliance his/her material findings and recommendations and follow up thereon:

### With respect to supervisory agencies:

10.1.32 Meet with regulatory authorities, discuss their findings and recommendations and follow up thereon.

### 10.2 Communication and Disclosure Functions

- 10.2.1 Review and, if appropriate, approve the ways by which the shareholders and other stakeholders can communicate with the Bank;
- 10.2.2 Assure itself that adequate procedures are in place to examine communication of financial information to the public excerpted or derived from financial statements, assure itself of their effectiveness, review and, if appropriate, approve the financial information disclosure policy and assure itself of its respect;
- 10.2.3 Report to the shareholders on the Bank's performance.
- 11. Reporting The Committee reports on its activities to the Board of Directors, verbally at the Board meeting that normally follows the Committee meeting, and in writing at the subsequent Board meeting. The Committee also reports yearly on its activities to the shareholders in the course of the annual shareholders' meeting.

#### Mandate of the Risk Management Committee

#### **SCHEDULE E**

#### **COMMITTEE REPORTS**

#### Dear Shareholders,

The chairs of the Audit, Risk Management and Human Resources and Corporate Governance committees are pleased to present the following activity reports to you. The purpose of these reports is to provide our shareholders with a better understanding of the committees' work during the last completed fiscal year and thereby foster better corporate governance. The Bank considers this additional information to be meaningful for its shareholders

#### **Report of the Audit Committee**

The main accomplishments of the Audit Committee during the most recently completed fiscal year are described below.

#### With respect to the external auditor

- The Committee reviewed and monitored the external audit plan, reviewed the results of the annual audit, the recommendation letter that followed the annual audit, the quarterly review letters and the follow-ups thereon.
- As it does each year, the Committee, with no Management representatives present, met with the Bank's external auditor in order to discuss
  all aspects of its mandate and any related issues. The Committee also recommended to the Board of Directors the appointment of the
  external auditor and examined its hiring conditions, after having performed its evaluation.
- The Committee also reviewed its policy establishing a framework for the prior approval of non-audit services and certain audit services provided by the external auditor. Further detail on this policy and the fees of the Bank's external auditor that were invoiced during the last fiscal year can be found under the heading "Appointment of the Auditor" of this Circular.

#### With respect to financial statements and reports

- In accordance with its mandate and the Financial Information Disclosure Policy, the Committee reviewed the financial statements and the
  Management's Discussion and Analysis included in the Bank's annual report before they were approved by the Board of Directors. It also
  examined the quarterly financial statements and the Management's Discussion and Analysis included in the Bank's press releases before
  they were submitted to the Board of Directors.
- The Committee also took an interest in the impact of certain new accounting standards on the Bank's financial statements.

## With respect to the Internal Audit function

As it does every year, the Committee reviewed and approved the mandate and audit plan of the Internal Audit function and regularly ensured
that the function had sufficient resources. It also examined the main findings and recommendations, and the follow-ups thereon as well as the
internal auditor's opinion on the internal controls. Also, as it does every year, the Committee, with no Management representatives present,
met with the Bank's internal auditor in order to discuss all aspects of its mandate and any related issues.

#### With respect to internal controls

- The Committee received from management a letter of certification for the fiscal year ended October 31, 2007, and for each of the quarters of fiscal 2007 covering all of the Bank's operations.
- The Committee followed-up quarterly on the actions taken by the Bank to comply with the regulatory requirements aimed at increasing investor confidence, including those required by *Multilateral Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings*.
- The Committee also reviewed the Bank's Policy on the Handling of Complaints and Comments About Suspicious Accounting and Audit-Related Activities.

#### With respect to compliance

• The Committee ensured that follow-ups were made on material aspects of compliance. In particular, the Committee received and reviewed a report on the compliance programs completed during the fiscal year, reviewed and recommended that the Board of Directors approve amendments to the Bank's Compliance Policy and Money Laundering and Terrorist Financing Policy and ensured that the Compliance function had sufficient resources.

## With respect to supervisory agencies

-60

• On a continuous basis, the Committee ensured that follow-ups were made on the recommendations and questions of the supervisory agencies. With no Management representatives present, the Committee met with the representatives of the Office of the Superintendent of Financial Institutions in order to discuss its recommendations.

Finally, the Committee reviewed its mandate in depth this year to reflect best practices and improve corporate governance at the Bank.

## Report of the Risk Management Committee

The main accomplishments of the Risk Management Committee during the most recently completed fiscal year are described below.

#### Oversight Functions

- The Committee reviewed changes made to the following policies, procedure and codes which are under its responsibility and recommended their approval by the Board of Directors:
  - Integrated Risk Management Framework Policy
  - Operational Risk Management Policy
  - Professional Responsibility Risk Management Policy
  - Outsourcing Risk Management Policy
  - Personal Information Protection Policy
  - Significant Change Approval Policy
  - Information Security Management Policy
  - Cost of Funds Transfer Pricing Management Policy
  - Treasury Risk Management Policies
  - Pledging Management Policy
  - Reputation Risk Management Policy
  - Business Continuity Management Policy
  - Code of Ethics for Employees (available on SEDAR)
  - Code of Ethics for Service Providers
  - Privacy Code
  - Complaint Investigation Procedure
- The Committee considered and, when appropriate, approved changes to the Bank's credit policies, in particular reviewing certain limits, before submitting them to the Board of Directors for approval.
- The Committee closely monitored changes in the Bank's loan portfolio, in particular impaired loans and watchlist loans as well as the status of loan losses and the adequacy of loan loss provisions.
- The Committee reviewed and, if appropriate, approved certain loans which exceeded the limits set out in the credit policies.
- The Committee reviewed and approved the Bank's three-year capital plan.
- The Committee examined cases where the limits specified in the Treasury Risk Management Policies were exceeded that were brought to its attention and, when appropriate, referred them to the Board of Directors.
- The Committee reviewed the mandate of the Integrated Risk Management function and ensured that the function had sufficient resources.
- Each quarter, the Committee received from the Chief Risk Officer an integrated risk management report, which enables the Committee to assess whether the Bank has an adequate and effective process for managing major risks.
- The Committee kept itself informed on the work relating to the new provisions of the Basle accord, the Bank's business continuity plan (including in the event of pandemic), the corporate insurance program, the information technology security plan and the management of financial markets and environmental risks.
- The Committee also examined the main findings and recommendations of the Internal Audit function, and the follow-ups thereon.
- Lastly, on a quarterly basis and with no Management representatives present, the Committee met with the heads of the surveillance functions (Internal Audit, Integrated Risk Management and Compliance) to discuss all aspects of their respective mandates and any related matters.

#### Conduct Review Functions

- When necessary, the Committee reviewed the decisions of the Bank's Self-Dealing Review Committee to ensure that they were reasonable.
- The Committee also reviewed the directors' report on the work of the Risk Management Committee for the "Conduct Review" section submitted to the Office of the Superintendent of Financial Institutions before it was submitted to the Board of Directors.

Finally, the Committee reviewed its mandate in depth this year to reflect best practices and improve corporate governance at the Bank.

#### Report of the Human Resources and Corporate Governance Committee

The main accomplishments of the Human Resources and Corporate Governance Committee during the most recently completed fiscal year are described below.

#### Human Resources

- The Committee evaluated the performance of the President and Chief Executive Officer and fixed his objectives for the upcoming year. It also reviewed the evaluations of the members of the Executive Committee and their objectives for the upcoming year. The Committee reviewed senior management compensation, including base salary and long and short-term incentive compensation. A detailed report on these subjects can be found under the heading "Executive Compensation" in the Bank's Management Proxy Circular dated January 16, 2007 and under the same heading in this Circular.
- The Committee reviewed the short-term incentive compensation program applicable to most employees and the bonus thresholds. The Bank's short-term incentive compensation program and bonus threshold are described in greater detail under the heading "Executive Compensation" of this Circular. The Committee also approved salary increases for the non-unionized employees of the Bank.
- The Committee kept itself informed on the implementation of the new program on performance management of the Bank's employees, the share purchase program and union relations.

#### Corporate Governance

- The Committee reviewed the composition of the Board of Directors and the candidacies for director positions.
- It also reviewed the Bank's corporate governance practices in comparison with best practices, including the functions of the Board of Directors and mandates of its committees in order to increase their efficiency, the composition of the committees, the independence criteria for directors and the directors' Code of Conduct and made recommendations to the Board of Directors thereon. The revised functions of the Board of Directors and mandates of its committees are set out in Schedule D of this Circular.
- The Committee coordinated the process for evaluating the Board of Directors, the committees and their members. Further information on this process can be found in Part D "Information on Corporate Governance" of this Circular.
- Finally, the Committee examined amendments to the Policy on Insiders and Prohibited Transactions on Bank Securities and recommended approval by the Board of Directors.

#### **SCHEDULE F**

#### **CODE OF PROCEDURE**

#### 1. Application

This code shall govern the conduct of annual and special meetings of shareholders of Laurentian Bank of Canada (the "Bank"). It is a complement to the provisions of the *Bank Act* (Canada) (the "Act"), of the regulations or guidelines thereunder and of the Bank's General By-laws. In case of conflict, the Act, regulations or by-laws shall prevail.

#### 2. Role of Chairman

The chair of the meeting shall preside over its deliberations and ensure its orderly conduct. The chair has all powers necessary to ensure that the meeting is able to effectively conduct the business for which it was called. To this end, the chair shall interpret this code and his or her decisions shall be without appeal. Everyone attending the meeting, whether or not a shareholder, must comply with the chair's instructions

#### 3. Expression of resolution

Except in cases where a special resolution is required, the meeting shall proceed by way of resolution approved by a majority of the votes cast. These proposals must be moved by a shareholder and seconded, except for a proposal set out in the Circular.

## 4. Right to speak

Every shareholder has the right to address the meeting. A shareholder wishing to exercise this right shall ask the chair for the floor.

#### 5. Speaking time

Except as provided otherwise in this code, no shareholder may speak for more than five minutes at a time. However, the chair may allow a longer speaking time in exceptional circumstances.

#### 6. Pertinence and good order

A shareholder who has the floor must speak to the matter before the meeting. Shareholders addressing the meeting must speak soberly and avoid language that is violent, insulting or injurious to anyone. The chair may direct a shareholder to keep to the matter under discussion or to comply with this standard of conduct. Failing compliance, the chair may deprive the shareholder of the floor.

### 7. Shareholder proposals

The shareholder who under the Act submitted notice of a proposal set out in the Circular is entitled to speak first when the proposal comes before the meeting. This shareholder must formally move the adoption of the proposal at the beginning or end of his or her presentation and may speak for a maximum of 10 minutes. At the end of the debate, the mover has a three-minute right of reply.

### 8. Debate on a shareholder proposal

Every shareholder is entitled to speak to a motion, but only once. The representative of management may speak as often as he or she deems appropriate, but for no more than 10 minutes for his or her main speaking time and no more than two minutes for other remarks.

#### 9. Amendment of a shareholder proposal

A shareholder proposal may not be amended except with the consent of the mover and the permission of the chair.

#### 10. General matters

In the period open to shareholder questions, any shareholder may ask a question to Management, state an opinion or raise a matter of general interest to the Bank. Such a question or remark may be the object of a supplementary question or brief reply but may not give rise to a debate.
